

CONSULTATION RESPONSE – Application 230974
19 Newcastle Road Reading
FAO David Brett

Thank you for consulting us RE: the amended plans for the above application.
Having reviewed them I would reissue the suggested condition found in my previous response to the original consultation dated 26th July 2023. Archaeological mitigation is still required in the form of evaluation trenching as per my previous advice.

Many thanks

Edwin Wood MA BA(hons)
