Afternoon Mr Hamblin

I've had a response from the previous vendor – not ideal and they asked that I don't share their details I'm afraid.

I can't actually help with Mr Hamblin's request though as I'm not sure how long the bin store has been there adjacent to the car park at Willowbend. It would be a fair few years as my late Father enjoyed pottering around at the Willowbend site and he passed away in February 2020. He was an ill gentleman for several years prior to that so it's probably somewhere around 2013 / 2014 although I'm really not sure.

Best of luck
