Technical drawing showing a cross-section of a roof connection detail. The drawing illustrates the assembly of a roof sheet, a neon solina tube, and IP rated tubes. The roof sheet is labeled "Lemon/black sprayed roof sheet". The neon solina tube is labeled "Neon solina tube IP rated tubes x 5". The drawing shows the roof sheet being secured by the tubes, with a circular component (likely a gasket or seal) visible at the connection point.

Internally illuminate powdercoated mild steel signage band with strapline graphic. Letters and logo to be fret cut.
