

Excerpt from Arboricultural Recommendations

Big Yellow Storage, 27 Rose Kiln Lane, Reading RG2 0JZ

Trees inspected by Adam Richards of Valley Provincial Group on 26th September 2022

Tree no.	Species	Work specification	Reasons for works
T5	London Plane	Pollard by 2 metres in height and 2 metres in spread on all aspects, leaving a finished height of 8 metres and finished spread on all aspects of 2 metres. Lift crown up to 3 metres	Tree is a young, semi mature specimen, in close proximity to Rose Kiln Lane. Tree is young enough that pollarding works to create a balanced crown and form will not be detrimental to it's health and the wounds will occlude well. Tree is blocking signage to Big Yellow monolithic signage. Crown lifting works will ensure that the tree is clear of the footpath
T6	London Plane	Pollard by 2 metres in height and 2 metres in spread on all aspects, leaving a finished height of 8 metres and finished spread on all aspects of 2 metres. Lift crown up to 3 metres	Tree is a young, semi mature specimen, in close proximity to Rose Kiln Lane. Tree is young enough that pollarding works to create a balanced crown and form will not be detrimental to it's health and the wounds will occlude well. Tree is blocking signage to Big Yellow monolithic signage. Crown lifting works will ensure that the tree is clear of the footpath
T7	London Plane	Pollard by 2 metres in height and 2 metres in spread on all aspects, leaving a finished height of 8 metres and finished spread on all aspects of 2 metres. Lift crown up to 3 metres	Tree is a young, semi mature specimen, in close proximity to Rose Kiln Lane. Tree is young enough that pollarding works to create a balanced crown and form will not be detrimental to it's health and the wounds will occlude well.
