Dear Tim,

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 220742

Application type: Approval of Conditions

Address: Phase 6A Green Park Village

Proposal: Application for part approval of amended details for condition 4 - materials (bricks) for Blocks 6&7 (formerly Blocks D & F) of permission 171019 (Phase 6A) (replacing those approved under 211304)

Thank you for your application for part approval of amended details for condition 4 - materials (bricks only) for Blocks 6&7 (formerly Blocks D & F) of permission 171019 (Phase 6A) (replacing those approved under 211304).

The following details are approved:

Condition 4 - Materials (bricks)

- Green Park Village Phase 6, Reading: Typical Block 6 and 7 External Materials Schedule [South West and North West], and [South East and North East], received 19th May 2022.

The amended brick detail is Ibstock Niveus to replace the approved Corum (shown as Brick Type 2 (Light side) on the above plans.

The reason for the change is due to a supply issue part way through the project. You provided the following image via email on 16th March 2022, which I confirmed would be acceptable via email on 26th March 2022. I requested that a formal re-discharge of the condition would be required and this is that application.

In order to discharge the conditions, the development must be carried out in accordance with the approved details. The remaining materials' details as approved under 211304 still stand.

Please note that it is the responsibility of the developer to ensure that all relevant conditions are complied with during the construction and/or subsequent use of the development.

Yours sincerely

A. Amoah

Mrs Alison Amoah
