Dear Sue,

Application 201762/APPCON

**Application for approval of details reserved by condition 4 of applications 201109 and 201110
[finish of flues]**

Katesgrove School, Dorothy Street, Reading

I refer to the above application and apologise for the delay in replying. The materials finish has been assessed by the Council's Conservation and Urban Design Officer. In discussion with him:

The new tall flue would be white to match the existing adjacent iron RWPs (colour: RAL 9010); and
The new flue caps on the two low flues will be black (colour RAL 7021).

Your forms advise that the external flue components will be etched, primed and then powder coated in the above colours.

The above details are considered suitable and Condition 4 of planning permission 201109 and Condition 4 of LBC 201110 are hereby discharged, providing that the development/works are undertaken in accordance with these details.

Yours sincerely,

Richard Eatough
Acting Development Management Team Leader
