

Litter Strategy

Food and Drink Quarter, Reading Market

REF: P20-0271

DATE: 17th November 2021

1. This Litter Strategy has been prepared in relation to the proposed Food and Drink Quarter at Reading Market, Hosier Street, Reading.
2. The Food and Drink Quarter provides seating and table within the site for customers to consume the food and drink they have purchased from the food outlets within the site.
3. Waste and recycling points will be provided throughout the site, adjacent to each food and drink outlet, and at the entrance, as shown on the plan provided at Figure 1. Clear signage will be provided within the site to request customers responsibly dispose of their waste / recycling.
4. Staff will undertake litter patrols and table clearing at regular intervals throughout the day, with increased frequency during the lunch and dinner rush hours.
5. Litter patrols along Hosier Street will also be undertaken on a daily basis when the Food and Drink Quarter is open.
6. Waste and recycling receptacles will be emptied on a regular basis and at the end of each day, with the waster being transferred to relevant bins in the waste storage area prior to collection.
