CEIDRAL

THE DNA OF CEDRAL

The ideal low maintenance, rot free alternative to traditional timber weatherboard.

Fibre cement offers both contemporary and flexible design options, and is used by many architects and homeowners to create stunning facades. The simple combination of wood cellulose, sand, synthetic fibres, water and cement make fibre cement one of the most environmentally friendly and comprehensive building products available.

Hard as stone easy as wood.

The material's multi-layered fibre structure supports the cement and other elements, which gives it impressive strength, and means that it can be far thinner than concrete.

WHICH CEDRAL STYLE SUITS YOU?

CEDRAL LAP

Cedral Lap planks are fitted in a traditional lapped style.

COMPLETE SYSTEM SOLUTION

Aluminium profiles

A full range of aluminium profiles is available in complementary colours, for both Cedral Lap and Click, which provides a complete cladding solution. Please refer to the Cedral Fixing Guide for more information on the aluminium profiles. To order a copy of the Cedral Fixing Guide, visit cedral.co.uk.

PROFILE (sizes in mm)	CEDRAL LAP	CEDRAL CLICK
External corner (symmetric) This universal trim can be used to provide protection on external corners and for stop profile applications.		
External corner/window reveal (asymmetric) Can be used as an external corner or where detailing on a window reveal.		Not required
Internal corner To finish the corner where Cedral meets on an internal corner forming a seal between the trim and the corner.		
External corner junction Used as a corner joining piece. Only available in black. 300mm length.		Not required
Start profile Used to start a cladding run with a lip to cover the first batten.		

Accessories

- Cedral Click Clips are required when installing Cedral Click. These are supplied complete with stainless steel screws.
- Cedral touch up paint and colour matched screws are available. For the full accessories range, please refer to the Cedral Fixing Guide

PROFILE (sizes in mm)	CEDRAL LAP	CEDRAL CLICK
Vertical start profile Used to start a vertical cladding run.	Not required	
End profile Hides any sharp corners and protects the Cedral edges from wear and tear.		Not required
Connection profile End trim to finish Cedral when used as a single piece on a window reveal or soffit.		
Perforated closure Used to protect against pest infestation and debris. Galvanised finish 2.5m length.		
Window lintel profile Used to finish above the window and to support next course of Cedral Click.	Not required	

CEDRAL SUITS EVERY STYLE

Cedral is ideal as an over-clad solution for existing properties, or as part of a new build facade. Available in a wide selection of factory applied colours, enabling homeowners and architects to create striking, individual homes, which are low maintenance.
