Overview

The following schedule suggests the hard materials palette, furniture and edge treatments for the external works associated with the Abbey School redevelopment. This document should be read in conjunction with all landscape drawings.

The imagery provides an illustrative guide to the proposed landscape hard surfaces, street furniture, boundary treatments and planting.

The following information associated with any of the items within this schedule shall be provided by others:

- foundations
- retaining structures
- surface build-ups
- road markings
- drainage/irrigation
- lighting
