**OTHER STATUTORY CONSENTS MAY BE REQUIRED
PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE**

Date: 29 August 2019

SDV

Head of Planning, Development
& Regulatory Services

Application At: Fairfield Services Basingstoke Road Reading RG2 0TA

Application No: 191014

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin within three years from the date of this planning permission.

Reason: to prevent an accumulation of unimplemented planning permissions, and in accordance with Section 91 of the Town & Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans, received 26/06/19:

Drawing No: 10019023 PLNG-03 - Proposed Site Plan

Drawing No: 10019023 PLNG-04 - Proposed Elevations

Drawing No: 10019023 PLNG-05 - Proposed Elevations (sales building)

Reason: because permission is granted in respect of the development as detailed in the approved plans only.

3. The materials to be used in the construction of the external surfaces of this development shall be as shown on the approved plans or documents.

The development shall be completed using the approved materials and details before the building is occupied.

Reason: in the interests of ensuring that the new development appears in keeping with the existing building or surrounding area in accordance with Policy CS7 [Officer - add Policy DM9 if relevant].

4. In the event that contamination is found at any time when carrying out the approved development, development must be halted on that part of the site and it must be reported in writing to the Local Planning Authority.

Following that an assessment of the nature and extent of contamination must be undertaken and where remediation is necessary a remediation scheme, together with a timetable for its implementation, must be submitted to and approved in writing by the Local Planning Authority.

The measures in the approved remediation scheme must then be implemented in accordance with the approved timetable. Following completion of measures identified in the approved remediation scheme a validation report must be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas.

Date: 29 August 2019

SDV

Head of Planning, Development
& Regulatory Services

5. No development shall take place until a scheme has been submitted to and been approved in writing by the Local Planning Authority, which specifies the provisions to be made for the control of noise and dust coming from the site during demolition and construction. The development shall not commence until the approved scheme has been fully implemented and the scheme shall be followed until the development is completed.

Reason: To protect the occupants of nearby residential properties from noise and dust during the development of the site in accordance with Policy CS34 and Policy DM4

6. The hours of construction, demolition and associated deliveries shall be restricted to the hours of 08:00hrs to 18:00hrs Mondays to Fridays, and 09:00hrs to 13:00hrs on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior approval from the Local Planning Authority.

Reason: In the interests of the amenities of nearby residents.

7. No materials or green waste produced as a result of the clearance of the site, demolition works or construction works associated with the development hereby approved shall be burnt on site.

Reason: In the interests of air quality, the amenity of neighbours, and to promote more sustainable approaches to waste management in accordance with Policies CS34 and CS2.

8. No development shall take place until an Arboricultural Method Statement and Tree Protection Plan in accordance with the relevant recommendations of appropriate British Standards or other recognised Codes of Good Practice for all existing trees that are not shown as being removed on the approved drawings, both within and adjacent to the site, has been submitted to and been approved in writing by the local planning authority. The development shall not be carried out other than in accordance with the approved Arboricultural Method Statement and Tree Protection Plan.

Reason: to ensure that appropriate protection is given to trees of amenity value within and adjacent to the site in accordance with Policy CS38.

9. No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to and been approved in writing by the local planning authority to provide for:

- space on site where vehicles of site operatives and visitors can be parked with details of how site operatives and visitors will be required to make use of the parking area provided
- location on site for storage of plant and materials used in constructing the development
- the erection and maintenance (including removal of any graffiti or fly posters) of security hoarding around the site

Date: 29 August 2019

SDV

Head of Planning, Development
& Regulatory Services

- any footpath closures or road closures needed during construction
- wheel washing facilities on site
- a scheme for recycling waste resulting from the construction works

The measures within the approved Construction Method Statement shall be maintained and adhered to throughout the course of the development unless changes are agreed in advance and in writing by the local planning authority.

Reason: in the interests of protecting the amenity of local land uses or neighbouring residents, the character of the area and highway safety. In accordance with Policy DM12.

10. The development hereby permitted shall not be occupied until all vehicle parking spaces have been provided in accordance with the approved plan. The spaces shall be kept available for parking at all times thereafter.

Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policy CS23 & CS24 and Policy DM12.

11. No development shall take place until full details of both hard and soft landscaping have been submitted to and been approved in writing by the local planning authority.

The submitted details shall include:

- (a) hard surfacing materials; and
- (b) proposed and existing functional services above and below ground (e.g drainage, power, communications cables, pipelines etc. indicating lines, manholes etc); and
- (c) planting plans; written specifications (including cultivation and other operations associated with plant and grass establishment); schedules of plants, noting species, plant sizes and proposed numbers/planting densities where appropriate.
- (d) Tree pit specifications.

Reason: in the interest of the visual amenity of the local environment in accordance with Policy CS7.

12. The hard and soft landscaping of the development hereby permitted shall be carried out in accordance with the approved landscaping plans and documents. The hard landscaping shall be completed before first occupation of the development. The soft landscaping shall take place no later than during the first planting season following the date when the development hereby permitted is ready for occupation or in accordance with a timetable agreed in writing with the Local Planning Authority.

Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

13. All planted materials shall be maintained for five years and any trees or plants removed, dying, being severely damaged or becoming seriously diseased within 5 years of planting shall be replaced with others of similar size and species to those originally

Date: 29 August 2019

& Regulatory Services

required to be planted. Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

INFORMATIVES

1. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.
2. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.
3. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.
4. You are advised that the development lies on a potentially contaminated site. Due to the nature of the historic land use there is the potential of contaminated land being present. The developers must be aware that any ground or enabling works may bring receptors into contact with the aforementioned contaminants. You may wish to satisfy yourself that the details of the construction proposals take the necessary account of the possibility of contaminants from that source.
5. i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.
ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.
6. This application does not permit any advertisements or signage associated with the site which are subject to a separate application for advertisement consent.

Date: 29 August 2019

Head of Planning, Development
& Regulatory Services

7. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted to make clear that they require approval from the local planning authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.

8. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target or agreed extended timescale for the decision to be issued.

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>.

If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
