

The internal layouts within apartments will be subject to design development.

The precise location of walls and internal doors and the detailed layout of bathroom and kitchen areas will be subject of non-material changes and may vary from the internal layouts set out in these plans.

These minor alterations will not affect the potion and arrangement to external doors and windows nor will they affect the relative relationship between habitable rooms and windows.

The survey information shown on this drawing is based on a topographical survey prepared by a third party and Broadway Malyan Limited accept no responsibility for the accuracy or completeness of the survey.

Landscape to ground level and podiums removed for clarity. See Landscape Architects drawings for details.
