New Century Place
East Street
Reading
RG1 4AU

We, Airsun Systems, being the company responsible for the supervision of the installation and commissioning of the smoke ventilation system at the above site, particulars of which are set out below, certify that the said work complies to the best of our knowledge and belief with the recommendations of Approved Document B v2 (2013) Fire Safety in Buildings, and BS 9991: 2017.

Commissioning completed:

- ☒ All equipment operates correctly
- ☒ Installation work is, as far as can reasonably be ascertained, of an acceptable standard.
- ☒ The entire system has been inspected and tested in accordance with the recommendations of Approved Document B v2 (2013) Fire Safety in Buildings, and BS 9991: 2017
- ☒ The system performs as required by the specification prepared by the architects
- ☒ We have not found any reason for false operation of the system

Signed for and on behalf of Airsun Systems Ltd:

Name Mark Johnson

Position: Project Manager

Signature:

Date: 24th October 2018

Annual Inspection Due on – 24th October 2019

The extent of liability of the signatory for this certificate is limited to the system detailed in this document.

Variations from the recommendations of Approved Document B v2 (2013) Fire Safety in Buildings, and BS 9991: 2015

NONE
