

Delegated Application Report

Target Date: 22/06/20

Address: 32 Albert Road

Application No: 200607/CLP

Proposal: Loft conversion including installation of 2No pitched roof dormers to the side elevation and 1No L-shaped crown roof dormer to the rear/side elevation, including front and rear windows.

Case Officer: Sian Hickey

Introduction and Proposal

The application site is a two-storey detached dwelling. The surrounding area is predominantly residential. The property is not a Listed Building and it doesn't fall within a Conservation Area.

The proposal is for a loft conversion to form new habitable space. Two pitched roof dormers with windows would be located in the side elevation, and an L-shaped dormer would be located at the rear including one rear facing window. A new window would be located in the front elevation, and a proposed feature window is included in the rear elevation. The feature window is the same width and positioned directly above the first floor window below. Materials have been selected to be of a similar appearance to those of the existing dwelling.

Permitted development rights for householders - Technical Guidance September 2019

Assessment

A Certificate of Lawfulness for a proposed development has been submitted as the applicant considers the proposal falls within the permitted development rights of the property.

The proposed installation of two pitched roof dormers to the side elevation and one L-shaped crown roof dormer to the rear/side elevation, including front and rear windows must be assessed to ensure that it complies with the conditions of Class A and Class B, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015, which relates to 'enlargement, improvement or other alteration of a dwellinghouse' and 'additions etc. to the roof of a dwellinghouse'.

The relevant conditions of the GPDO for two pitched roof dormers, one L-shaped dormer and new windows, which is not listed or in a Conservation Area, are as follows:

Windows

A.1 Development is not permitted by Class A if:

A.1 (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P or Q of Part 3 of this Schedule (changes of use); **complies**

A.1 (b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse); **complies**

A.1 (c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse; **complies**

A.1 (d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse; **complies**

A.1 (e) the enlarged part of the dwellinghouse would extend beyond a wall which (i) forms the principle elevation of the original dwellinghouse; **complies** or (ii) fronts a highway and forms a side elevation of the original dwellinghouse; **complies**

A.1 (f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and - (i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, **complies** or (ii) exceed 4 metres in height; **complies**

A.1 (g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and - (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached

dwellinghouse, or 6 metres in the case of any other dwellinghouse, **complies** or (ii) exceed 4 metres in height; **complies**

A.1 (h) the enlarged part of the dwellinghouse would have more than a single storey and - (i) extend beyond the rear wall of the original dwellinghouse by more than 3 metres, **complies** or (ii) be within 7 metres of any boundary of the curtilage of the dwellinghouse opposite the rear wall of the dwellinghouse; **complies**

A.1 (i) the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres; **complies**

A.1 (j) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would - (i) exceed 4 metres in height, **complies** (ii) have more than a single storey, **complies** or (iii) have a width greater than half the width of the original dwellinghouse; **complies** or

A.1 (k) it would consist of or include - (i) the construction or provision of a verandah, balcony or raised platform, **complies** (ii) the installation, alteration or replacement of a microwave antenna, **complies** (iii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, **complies** or (iv) an alteration to any part of the roof of the dwellinghouse. **Complies.**

A.2 In the case of a dwellinghouse on article 2(3) land, development is not permitted by Class A if:

A.2 (a) it would consist of or include the cladding of any part of the exterior of the dwellinghouse with stone, artificial stone, pebble dash, render, timber, plastic or tiles; **n/a**

A.2 (b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse; **n/a** or

A.2 (c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwellinghouse. **n/a**

Conditions

Development is permitted by Class A subject to the following conditions:

A.3 (a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the dwellinghouse; **complies**

A.3 (b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be (i) obscure-glazed, **n/a** and (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; **n/a** and

A.3 (c) where the enlarged part of the dwellinghouse has more than a single storey, the roof pitch of the enlarged part must, so far as practicable, be the same as the roof pitch of the original dwellinghouse. **n/a**

Dormers

B.1 Development is not permitted by Class B if:

B.1 (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P or Q of Part 3 of this Schedule (changes of use); **complies**

B.1 (b) any part of the dwellinghouse would, as a result of the works, exceed the height of the highest part of the existing roof; **complies**

B.1 (c) any part of the dwellinghouse would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway; **complies**

B.1 (d) the cubic content of the resulting roof space would exceed the cubic content of the original roof space by more than (i) 40 cubic metres in the case of a terrace house, **n/a** or (ii) 50 cubic metres in any other case; **complies**

B.1 (e) it would consist of or include (i) the construction or provision of a veranda, balcony or raised platform, **complies** or (ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe; **complies** or

B.1 (f) the dwellinghouse is on article 2(3) land. **complies**

Conditions

B.2 Development is permitted by Class B subject to the following conditions:

B.2 (a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse; **complies**

B.2 (b) the enlargement must be constructed so that (i) other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension (aa) the eaves of the original roof are maintained or reinstated; **complies** and (bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves; **complies** and (ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwellinghouse; **complies** and

B.2 (c) any window inserted on a wall or roof slope forming a side elevation of the dwellinghouse must be (i) obscure-glazed, **complies** and (ii) non-

opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.
complies

Interpretation of Class B

B.3 For the purposes of Class B, “resulting roof space” means the roof space as enlarged, taking into account any enlargement to the original roof space, whether permitted by this Class or not.

B.4 For the purposes of paragraph B.2(b)(ii), roof tiles, guttering, fascias, barge boards, and other minor roof details overhanging the external wall of the original dwellinghouse are not to be considered part of the enlargement.

Recommendation

The proposal has been assessed against the Town and Country Planning Act 1990 (as amended) and Class A and Class B, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015. It can be confirmed that the proposed operation would be lawful for planning purposes on the basis of the drawings received on 27th April 2020:

Location Plan

Existing Floor Plans and Elevations

Proposed Floor Plans and Elevations

Sufficient evidence has been provided to demonstrate that a Certificate of Lawfulness should be granted for the proposed installation of two pitched roof dormers to the side elevation and one L-shaped crown roof dormer to the rear/side elevation, including front and rear windows.

Therefore the Local Planning Authority can issue the applicant with a Certificate of Lawfulness for the proposed development.
