Dear Mrs Miller

RE: PROPOSED WORKS TO TREES AT 8 ROSEHILL PARK, READING - SUBJECT TO TREE PRESERVATION ORDER NUMBER 5/10.

Thank you for your application of 5 September 2020, regarding the above.

Further to my visit on 16 September and our subsequent exchange of emails, I can confirm that the following proposed works, as detailed in your amended application, are approved subject to the conditions below:

- 3 No. Lime - crown lift to 5m above ground level (removing basal and epicormic growth) twice a year for the next 5 years [2020 is year 1 hence a new approval should be sought in the second half of 2024]
- 1 No. Yew - crown lift to 3m above ground level annually for the next 5 years; the initial crown lift to include the removal of two main branches and 1 forked, secondary branch growing over the shed [2020 is year 1 hence a new approval should be sought in the second half of 2024]

Conditions

1. Five days notice in writing shall be given to the Council prior to undertaking the approved works on each occasion.

Reason: To ensure that the Local Planning Authority is given sufficient notice of the works

to enable the effective monitoring of tree work within the Borough.

2. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

3. This decision is valid for the period stated, after which the consent lapses

4. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.

Reason: Spikes can cause extensive long-term damage

Informatives

1. Removal of dead or dangerous wood: This does not require the formal consent of the Council. However written notice must be given 5 working days in advance of removing dead wood. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary'.

2. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 060 3900; enquiries@naturalengland.org.uk

3. It is best to avoid works in the period immediately before or during bud burst and leaf fall to minimise the effect on the long-term health of the tree

4. Crown lifting of trees over the footpath and carriageway: If the clearance of vegetation overhanging the highway only involves the removal of branches to give a ground clearance to the statutory heights of 2.7m over the footpath and 5.5m over the road, this does not require formal consent from the Council. You are advised, however, to give notice to the Council of these intended works in order that they can be agreed.

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:

Trees and Hedges, Room 3A Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN

Email: treeandhedgeappeals@planninginspectorate.gov.uk

Tel: 0303 444 5570

If you require any further assistance, please do not hesitate to contact me on the above number.

Yours sincerely

Sarah Hanson
