Dear Martin

WH186 Berkeley Avenue, Reading

In my capacity as Code for Sustainable Homes Assessor on the above Weston Homes site, I can confirm that the Post Construction Code Assessment has now been submitted.

I am confident that final certification to Code Level 3 will be achieved for all units with scores ranging from 58 to 64.

Due to the current climate with COVID-19 I am unfortunately unable to give you an indication as to when final certification will be provided by the BRE, however I will forward them on receipt and in the meantime hope this email provides the compliance confirmation required.

Please find attached a copy of the submitted Assessment for your records.

Kind regards
