1. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.

2. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:

[www.communities.gov.uk/publications/planningandbuilding/partywall](http://www.communities.gov.uk/publications/planningandbuilding/partywall)

3. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.
