Series 40

Guidance

Single Lift out panels offer a practical way of treating windows that are rarely used but which need access for cleaning or maintenance. The Series 40 Lift out is constructed from Series 40 casement sections without hinges. It is suitable for shaped, curved and circular windows and can accept glazing up to 12mm thick or 24mm sealed units for enhanced thermal insulation.

Product Features

- Concealed multi-point locking to rectangular
- Storm catch to curved series
- Concealed sprung restrictor stay
- Compression seals
- Concealed fixings provide clean appearance
