Environmental extract solution

Install your kitchen anywhere with
our flexible recirculation solution
with no route to atmosphere.

Reco-Air removes:

Grease

Moisture & steam

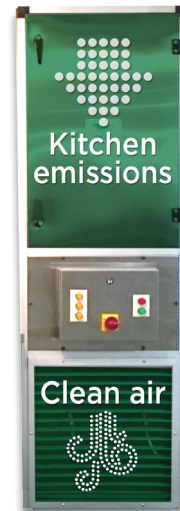

Smoke

Odour

Our range of air-handling
solutions for the
commercial foodservice
industry achieve complete
recirculation of exhaust air.

*"The air returning to the kitchen
from the **Reco-Air** Unit is around
1,000 times cleaner than typical
atmospheric conditions"*

Validair

**A viable and proven alternative
to conventional extract**
