

Ref 2017 – 0176
Date 27th January 2020

Dear Sir / Madam

RE: 109B Oxford Road, Reading, RG1 7UD

Litter management

The management of the proposed restaurant will ensure any litter created through the business will be disposed of in a safe and environmental friendly manner.

Any litter left outside the premises, within the ownership of the business will be collected by staff and disposed of.

The proposed restaurant will provide customer bins inside the premises for food waste, customers will be encouraged to dispose of their food waste within the provided bins.

The waste will be collected by a private waste management company three times a week.

The staff will be instructed to check around the premises twice every day to ensure no litter from the business is left around.

Signage instructing customers to dispose waste within the allocated bins will be placed within the premises and no littering sign outside.

Regards

G.Siddique
