AMENDMENTS TO RMA REF:
190465 PLOT E

NOV 2019

INTRODUCTION

This document sets out the changes in the approved plans to application ref: 190465 following the design development of the scheme since March 2019.

The amendments are a result of the alterations to the internal layouts to improve the residents approach into the development and provide additional storage and management provision.

The alterations to the façades respond to changes in regulation 7 for combustible materials used in glass balustrades and changes to the facade to provide screening to louvres along the main elevations and changes as a result of the design development.

The following sections provide a more detailed summary of the changes.

CONTENTS

1	PLANS
2	ELEVATION - PLOT E FRIAR STREET
3	ELEVATION - PLOT E GARRARD STREET
4	ELEVATION - PLOT E FRIARS WALK AND WESTERN FACADE

1

GENERAL ARRANGEMENTS

SUMMARY OF CHANGES

Alterations to lower ground floor layout have been made to improve the secure line to the residential lobby and flow between the move in/ move out store and lift lobby.

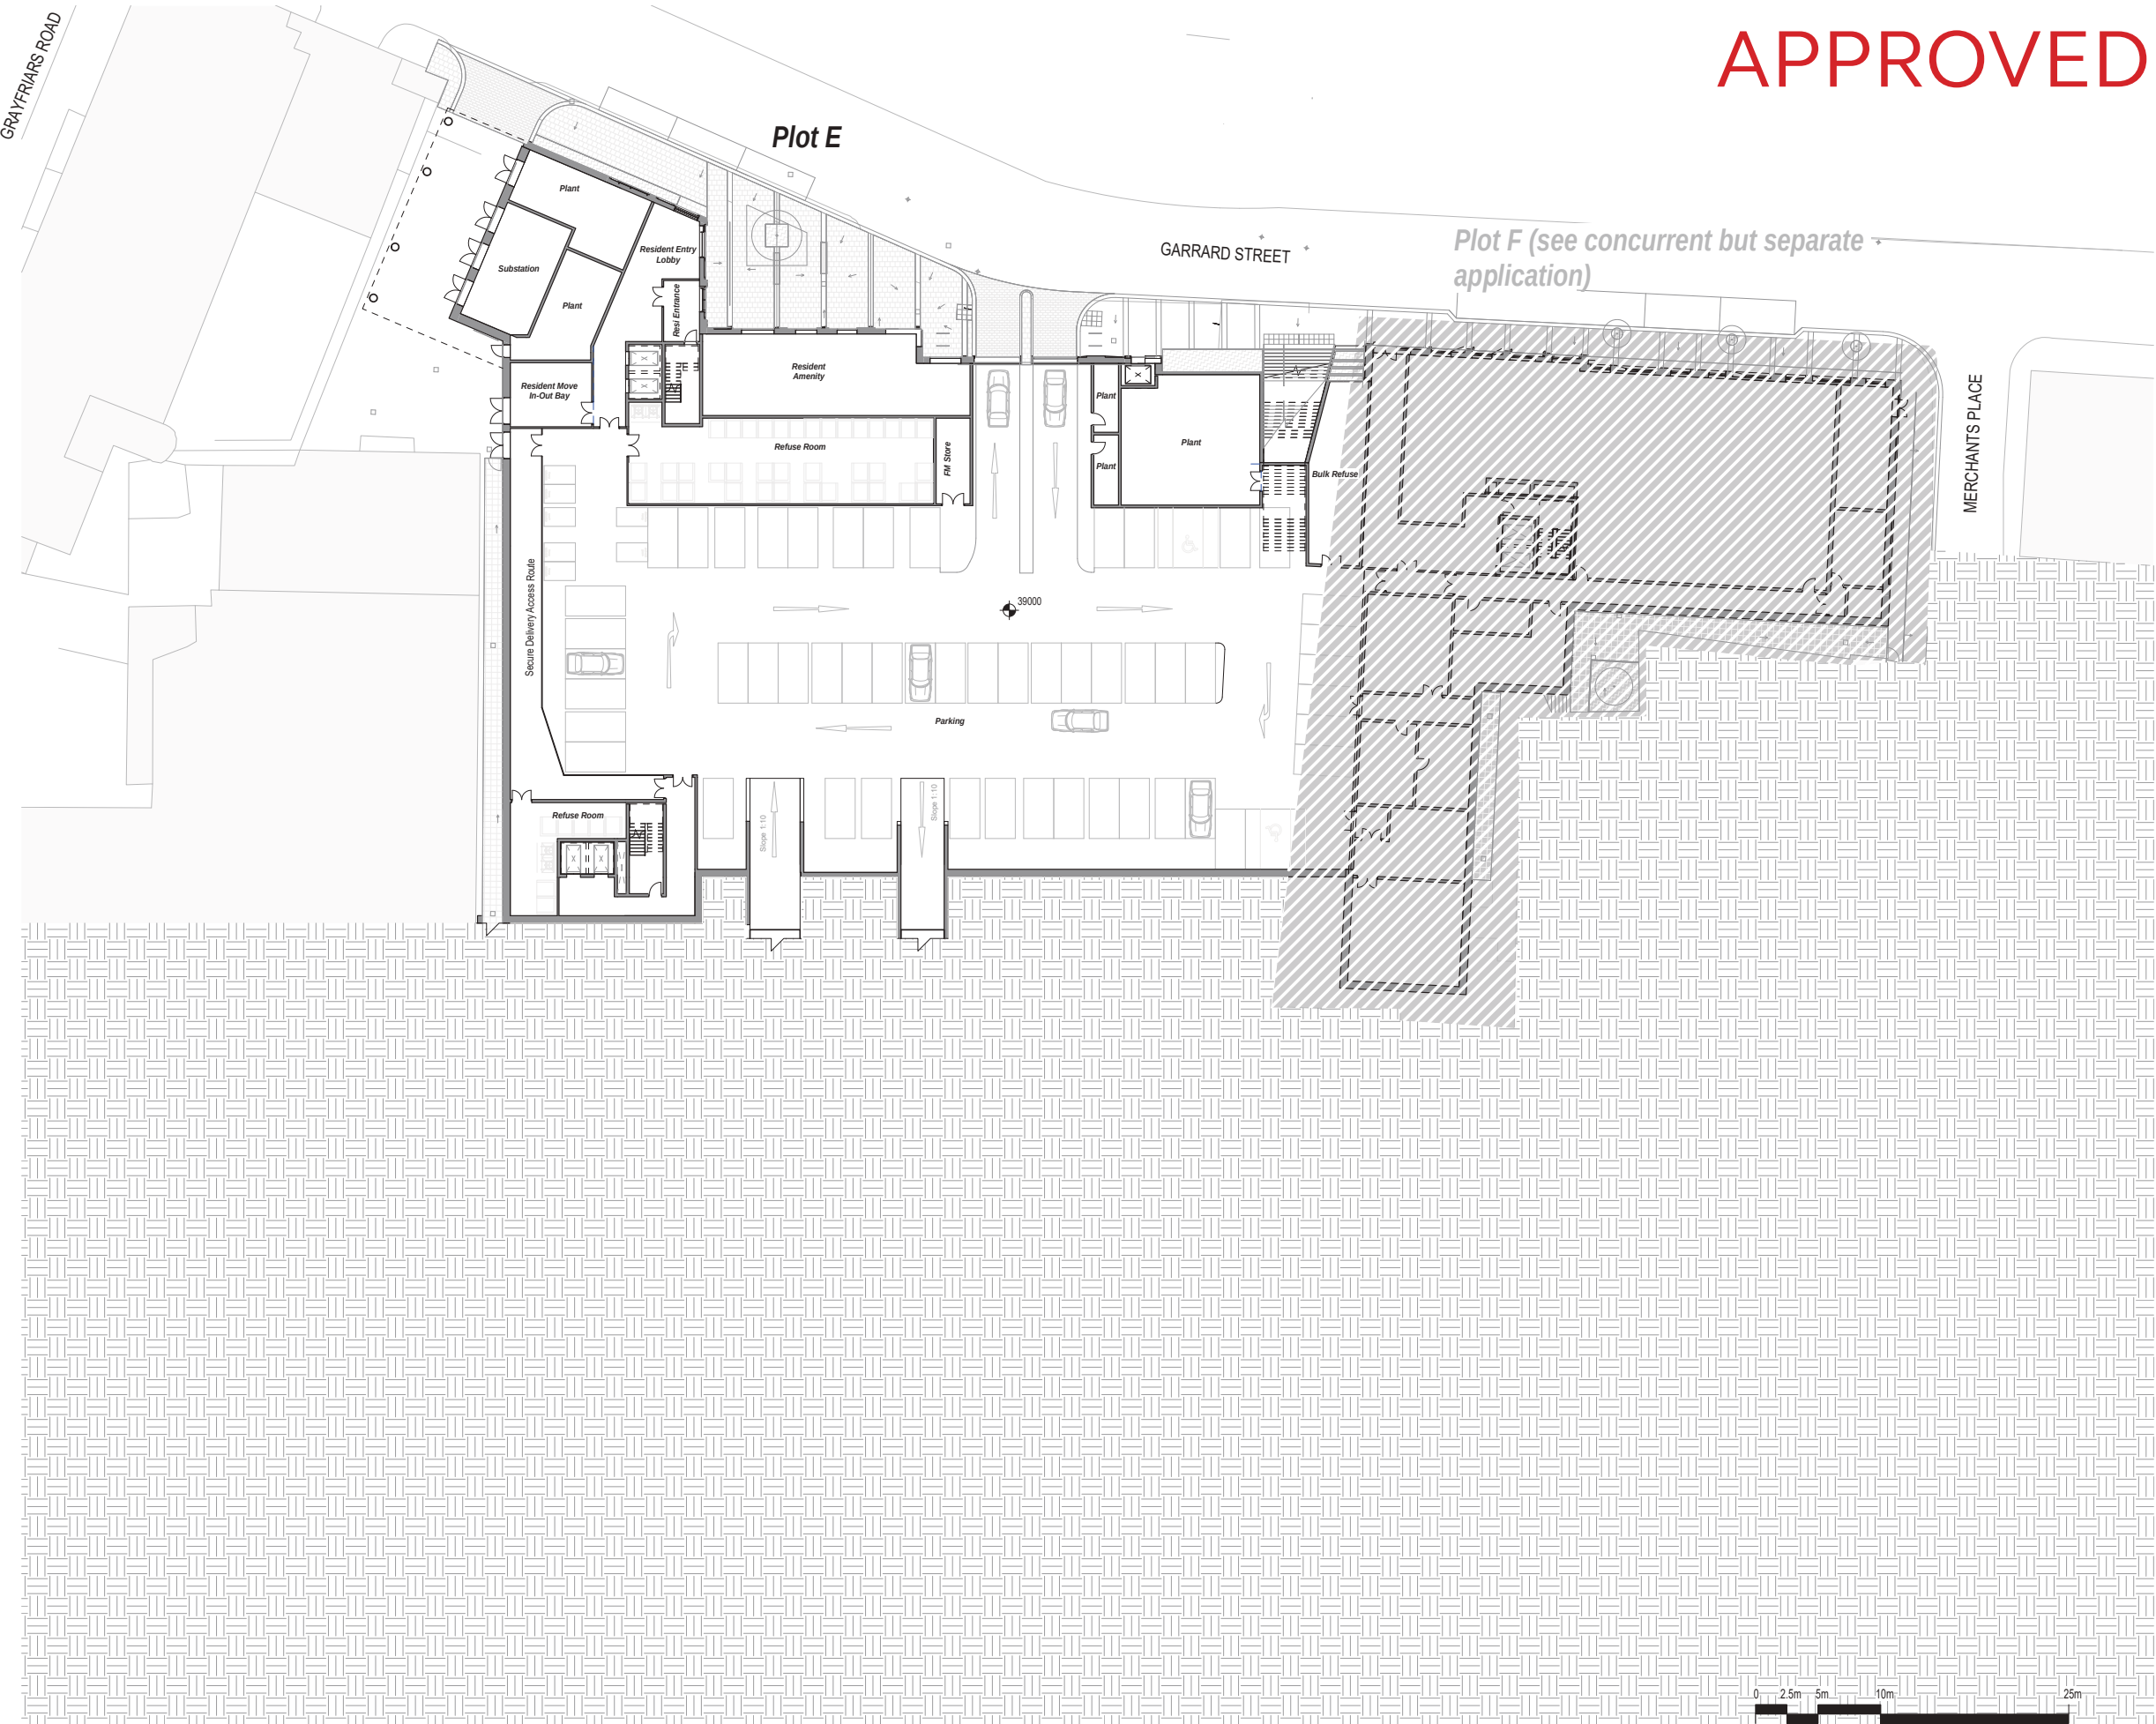

At mezzanine level additional management storage rooms have been provided and internal adjustments to improve access to the stair cores.

The car parking layout has been adjusted to improve access with the number of parking spaces remaining as approved.

At ground floor level the bicycle store has been reduced for additional commercial space but the number of cycle parking provision will remain, the entrance lobby to Plot E residential entrance from Friars walk is moved along from the corner with an additional entrance and canopy provided from Friars Walk.

APPROVED

ELEVATION - PLOT E GARRARD STREET

SUMMARY OF CHANGES

Due to changes in regulation 7 which restricts the use of glass balustrades in developments above 18m all glazed balustrades have been replaced by a metal railing.

The changes to façades along Garrard street are to provide screening to the plant room louvres and general coordination adjustment with the internal layouts, bi-folding doors have been provided in place of roller shutter for access into the residents parking.

ELEVATION - PLOT E FRIARS WALK AND WESTERN FACADE

SUMMARY OF CHANGES

Due to changes in regulation 7 which restricts the use of glass balustrades in developments above 18m all glazed balustrades have been replaced by a metal railing.

Additional louvres at lower ground floor and mezzanine level are now shown to the western façade in-line with the car park ventilation strategy and grey render panels are replaced with red brickwork.

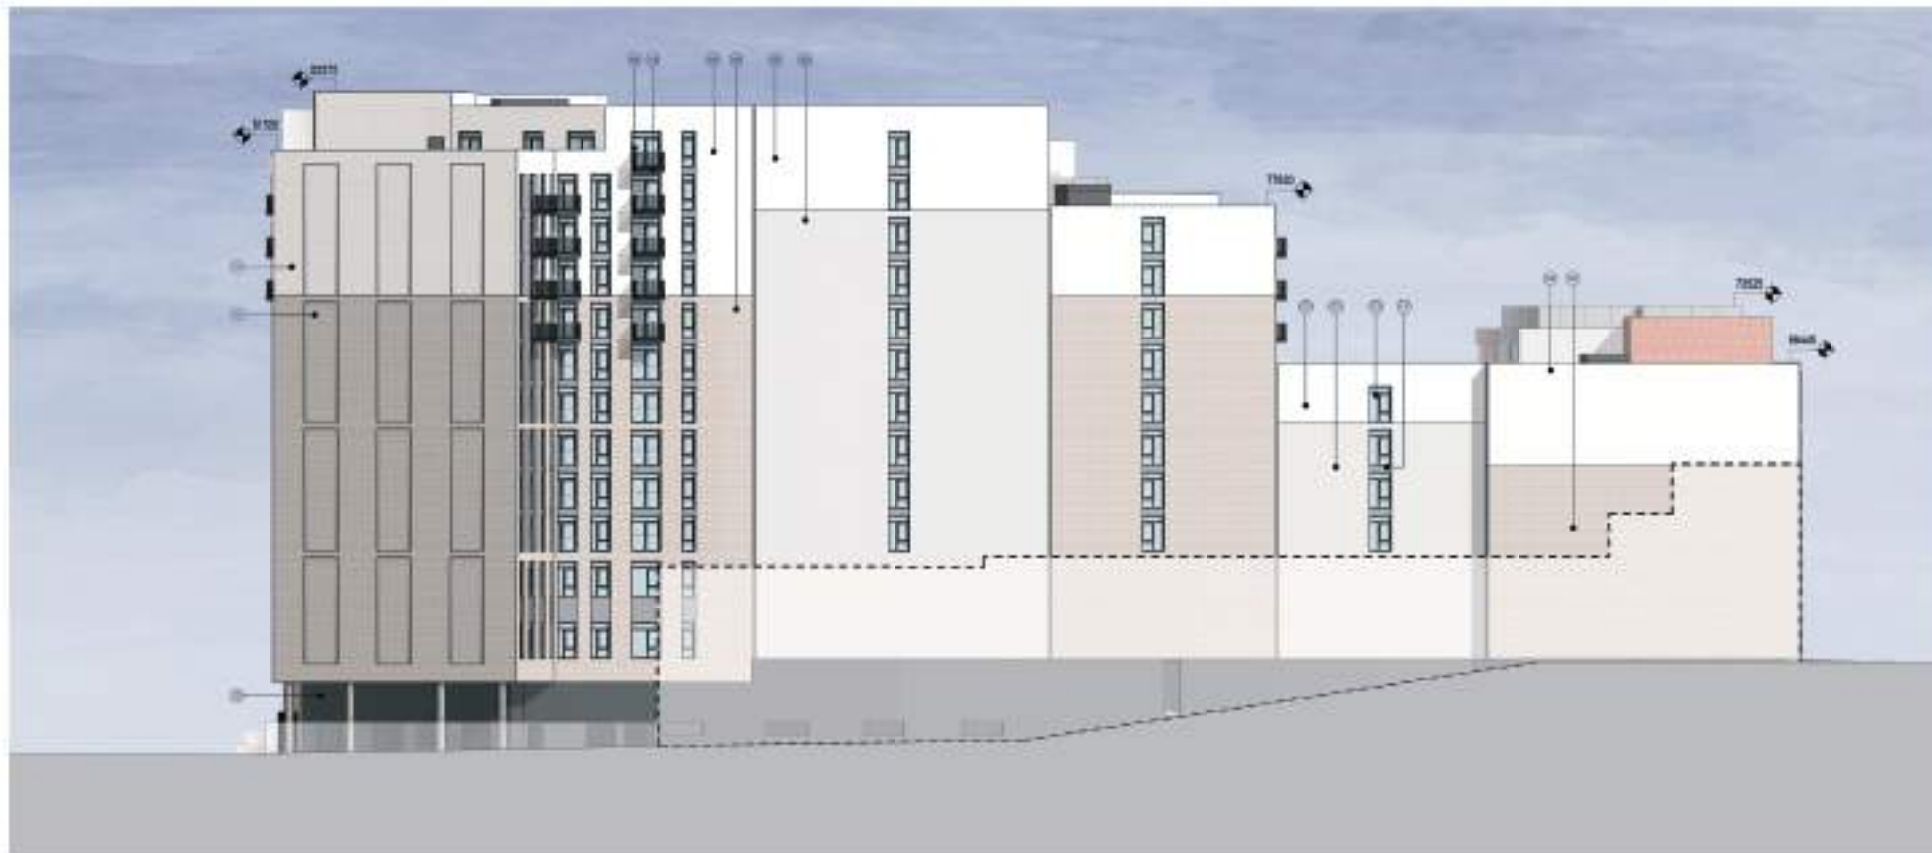

Along friars walk the shop front elevation, railings have been omitted to allow brickwork to continue up for form parapet and timber cladding to façade has been omitted and additional canopy provide over new entrance door. Grey zinc panelling to the mid core is extend down to ground floor level in lieu of glazing.

At level 6 a glass balustrade has been added to the roof terrace.
