

**TOWN AND COUNTRY PLANNING ACT 1990
PLANNING AND COMPENSATION ACT 1991
THE TOWN & COUNTRY PLANNING
(DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND) ORDER 2015**

APPLICATION FOR FULL PLANNING PERMISSION

To: CPL Chartered Architects
First Floor
Unit A3, Chaucer Business Park
Dittons Road
Polegate
BN26 6QH

Application No: 171087
Application type: Full Planning Approval

Applicant: The Trustees of Reading Community Church

READING BOROUGH COUNCIL as Local Planning Authority **GRANT FULL** planning permission for the following development in accordance with the plans and supporting information submitted in connection with this application.

Proposal: Construction of a two storey 2 bedroom dwelling house and 3 x one bedroom flats with associated gardens and car parking

At: Land between 2-4 Wilson Road Reading RG30 2RN

Subject to such conditions and for such reasons as may be attached

**OTHER STATUTORY CONSENTS MAY BE REQUIRED
PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE**

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

Application At: Land between 2-4 Wilson Road Reading RG30 2RN

Application No: 171087

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin within three years from the date of this planning permission.

Reason: to prevent an accumulation of unimplemented planning permissions, and in accordance with Section 91 of the Town & Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

- Site & Ground Floor Plan - Drawing no: 150 Rev F, received 22nd May 2019
- First Floor Plan - Drawing no: 151 Rev C, received 10th June 2019
- Second Floor/Roof Plan - Drawing no: 152 Rev B, received 10th August 2018
- Proposed Elevations - Drawing no: 160 Rev C, received 10th August 2018
- Arboricultural Report [including Tree Survey, Arboricultural Impact Assessment and Tree Protection Specification], ref: SA/1335/17/A, dated 31st August 2017, prepared by Sylvan Arb, received 1st September 2017

Reason: because permission is granted in respect of the development as detailed in the approved plans only.

3. The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used on the adjoining terrace and as set out on the approved plan (160 Rev C). Reason: in the interests of ensuring that the new development appears in keeping with existing buildings in accordance with Policy CS7

4. The dwelling(s)/building(s) hereby permitted shall not be occupied until all vehicle parking space(s) have been provided in accordance with the approved plan. The space(s) shall be kept available for parking at all times thereafter.

Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policy CS23 & CS24 and Policy DM12.

5. No dwelling/building hereby permitted shall be occupied until the bicycle parking facility for that dwelling/building has been provided in accordance with the approved plan. The facility shall be kept available for bicycle parking at all times thereafter.

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

Reason: To encourage travel by sustainable alternatives to driving a motorcar in accordance with the Local Planning Authority's approved transport policies CS23 and CS24.

6. No dwelling/building shall be occupied until details of the bin storage have been submitted to and approved in writing by the Local Planning Authority and the facility shall be provided in accordance with the approved plan and shall be retained thereafter for use by occupiers of the dwelling/building at all times.

Reason: in the interests of the visual amenity of the area and to ensure that bins can be easily accessed when required in accordance with Policy CS7.

7. No residential unit hereby approved shall be occupied until the Council has been notified in writing of the full postal address of the unit. The notification shall be sent to the Council's Planning Manager quoting the application reference specified on this Notice.

Reason: In order that the Council can update its records to ensure that parking permits are not automatically issued to the occupiers of the new residential units hereby approved, and thus ensure that the development does not harm the existing amenities of the occupiers of neighbouring residential properties by adding to the already high level of on street car parking in the area in accordance with Policy CS24 and Policy DM12.

8. Prior to any agreement being entered into for a new occupation of, or transfer of any interest in, the residential unit(s) hereby approved, the prospective occupier/transferee shall be informed that there is no automatic entitlement to a car parking permit for any existing residential parking permit schemes and future schemes on adjacent and surrounding streets. All material used for advertising or marketing the residential unit(s) for letting or sale shall make it clear to prospective tenants and occupiers that they will not be automatically entitled to a parking permit, but any application for a parking permit will be considered on its merits.

Reason: In order that the prospective occupiers are made aware of the fact that while they can submit an application they will not be automatically entitled to an on-street car parking permit. In the interests of the proper management of parking, and to ensure that the development does not harm the existing amenities of the occupiers of neighbouring residential properties by adding to the already high level of on street car parking in the area in accordance with Policy CS24 and Policy DM12.

9. No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to and been approved in writing by the local planning authority to provide for:

- space on site where vehicles of site operatives and visitors can be parked with details of how site operatives and visitors will be required to make use of the parking area provided

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

- location on site for storage of plant and materials used in constructing the development
- the erection and maintenance (including removal of any graffiti or fly posters) of security hoarding around the site
- any footpath closures or road closures needed during construction
- wheel washing facilities on site
- a scheme for recycling waste resulting from the construction works

The measures within the approved Construction Method Statement shall be maintained and adhered to throughout the course of the development unless changes are agreed in advance and in writing by the local planning authority.

Reason: in the interests of protecting the amenity of local land uses or neighbouring residents, the character of the area and highway safety. In accordance with Policy DM12.

10. The hours of noisy construction, demolition and associated deliveries shall be restricted to the hours of 08:00hrs to 18:00hrs Mondays to Fridays, and 09:00hrs to 13:00hrs on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior approval from the Local Planning Authority.

Reason: In the interests of the amenities of nearby residents in accordance with Policy DM4.

11. **No development shall take place** until a scheme has been submitted to and been approved in writing by the Local Planning Authority, which specifies the provisions to be made for the control of noise and dust coming from the site during demolition and construction. The development shall not commence until the approved scheme has been fully implemented and the scheme shall be followed until the development is completed.

Reason: To protect the occupants of nearby residential properties from noise and dust during the development of the site in accordance with Policy CS34 and Policy DM4

12. No materials or green waste produced as a result of the clearance of the site, demolition works or construction works associated with the development hereby approved shall be burnt on site.

Reason: In the interests of air quality, the amenity of neighbours, and to promote more sustainable approaches to waste management in accordance with Policies CS34 and CS2.

13. **No development shall take place** until an assessment of the nature and extent of contamination has been submitted to and been approved in writing by the Local Planning Authority. This assessment must be undertaken by a competent person, and shall assess any contamination on the site, whether or not it originates on the site.

Moreover, it must include:

- (i) a survey of the extent, scale and nature of contamination;

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

(ii) an assessment of the potential risks to:

- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,
- archaeological sites and ancient monuments;

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34

14. No development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment has been submitted to and been approved in writing by the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, an appraisal of remedial options, and proposal of the preferred option(s), and a timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

15. The approved remediation scheme shall be implemented in accordance with the approved timetable of works. A validation report (that demonstrates the effectiveness of the remediation carried out) shall be submitted to and approved by the Local Planning Authority prior to construction of the development.

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

16. In the event that contamination is found at any time when carrying out the approved development not previously identified, development shall be halted on that part of the site the contamination reported in writing to the Local Planning Authority. An assessment of the nature and extent of contamination shall be undertaken and where remediation is necessary a remediation scheme, together with a timetable for its implementation, shall be submitted in writing to the Local Planning Authority for its written approval.

The measures in the approved remediation scheme shall be implemented in accordance with the approved timetable. Halted works shall not be re-commenced until the

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

measures identified in the approved remediation scheme have been completed and a validation report has been submitted to and been approved in writing by the Local Planning Authority. Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

17. No development shall take place until full details of both hard and soft landscaping have been submitted to and been approved in writing by the local planning authority. The submitted details shall include:

- (a) hard surfacing materials; and
- (b) proposed and existing functional services above and below ground (e.g drainage, power, communications cables, pipelines etc. indicating lines, manholes etc); and
- (c) planting plans; written specifications (including cultivation and other operations associated with plant and grass establishment); schedules of plants, noting species, plant sizes and proposed numbers/planting densities where appropriate.
- (d) Tree pit specifications.

Reason: in the interest of ensuring that the landscaping of the development enhances the visual local environment and in accordance with Policy CS7

18. The hard and soft landscaping of the development hereby permitted shall be carried out, in accordance with the approved landscaping plans and documents. The hard landscaping shall be completed before occupation of the development. The soft landscaping shall take place no later than during the first planting season following the date when the development hereby permitted is ready for occupation or in accordance with a timetable agreed in writing with the Local Planning Authority.

Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

19. Notwithstanding the provisions of Part 1, Schedule 2, Article 3, of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any order revoking or re-enacting that Order with or without modification), no development within Class A (enlargement, improvement or other alteration), Class B (enlargement of a dwellinghouse consisting of an addition or alteration to its roof), Class D (erection or construction of a porch outside any external door) or Class E (building or enclosure, swimming or other pool required for a purpose incidental to the enjoyment of the dwellinghouse) shall be carried out within the curtilage of the dwelling without express planning permission from the Local Planning Authority.

Reason: Due to the constrained nature of the site and as unrestricted development could harm the amenities of neighbouring properties through overlooking or being overbearing and harm the appearance of the main house and the area in general and should therefore be controlled in accordance with Policies CS7 and DM4.

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

20. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and/or re-enacting that Order) no windows, or dormer windows, other than those shown on the approved plans shall at any time be placed in the front and rear elevations of the building (east and west facing respectively) hereby permitted without the grant of a separate planning permission from the Local Planning Authority. Reason: To safeguard the amenities of the adjoining premises from overlooking and loss of privacy in accordance with Policy DM4

21. The roof area of the single storey rear projection, forming part of the approved house (next to no. 4 Wilson Road) shall not be used as a balcony, roof garden or similar amenity area without the grant of further specific planning permission from the Local Planning Authority.

Reason: To safeguard the amenities of the adjoining premises from overlooking and loss of privacy in accordance with Policy DM4.

INFORMATIVES

1. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) or planning obligation(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.

2. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.

3. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:

www.communities.gov.uk/publications/planningandbuilding/partywall

4. i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.

5. The occupiers of the residential unit(s) will not be automatically entitled to an on-street car parking permit. Current and new occupiers should be informed of this and be advised to find out more about parking permits on the Council's website. There is already a high level of on street car parking in the area and the site is located close to local facilities, with frequent public transport services on nearby roads.

6. A section 106 Agreement has been completed for this development. A copy of the S106 Legal Agreement is available on the Council's Public Register of Planning

7. The Council introduced the Community Infrastructure Levy (CIL) on 1st April 2015. CIL is a way of securing financial contributions towards infrastructure from new development, and partially replaces the Section 106 planning obligation regime. It is a set charge per sq m of floorspace for different uses, and, unlike Section 106, it is non-negotiable. It applies to developments which result in at least one dwelling; where the space has not been in lawful use for 6 months within the last 3 years or 100 sq m of new floorspace. For this approved development the CIL status is (CHARGEABLE). If chargeable you will be sent a CIL Liability Notice with the calculated amount soon. CIL becomes payable on commencement of the development or by instalments.

For more information go to:

http://www.reading.gov.uk/media/2791/Community-Infrastructure-Levy-Advice-to-Applicants/pdf/CIL_Advice_to_Applicants.pdf

8. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted to make clear that they require approval from the local planning authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.

9. Conditions 19, 20 and 21 do not apply to the three flats as these do not have the same permitted development rights as houses.

10. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target or agreed extended timescale for the decision to be issued.

Date: 28 June 2019

Head of Planning, Development
& Regulatory Services

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at <https://acp.planninginspectorate.gov.uk/>

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Street Naming & Numbering

You must contact Reading Borough Council to:

- Name or number a new development
- Name a new street
- Get addresses for flat conversions
- Name or rename an existing building

Otherwise the following may occur:

- You will not have an official address or postcode. When your property goes through the official process it may be given a different address and Postcode than you are currently using.
- You may have difficulty receiving mail
- You may have problems when buying goods or services such as utilities and telecommunications
- The emergency services may have difficulty locating you.
- You may have problems accessing Council services such as Education, Parking Services and Electoral Registration.

The Council is responsible for assigning house names and numbers and street names. It is also responsible for updating the National Land and Property Gazetteer (NLPG) which is a list of addresses which meet a common standard (BS7666) used throughout the country.

When a new address or change of address is requested, the Council contacts Royal Mail who check the address on behalf of the Emergency Services, assign a postcode and add it to their Postal Address File (PAF). The PAF list is used by many companies and services to check addresses, authenticate transactions and order goods, as well as deliver mail, so it is in your interest for your address to be on that list. Royal Mail will not create an address until requested to do so by the Council.

How to apply:

Email us using streetnamingnumbering@reading.gov.uk

Or telephone us on 0118 9373737

What we need to complete your request:

For new addresses or flat conversions:

- Site layout plan containing plot numbers
- Location plan - No bigger than A3 size (hard copy, PDF, JPEG or AutoCAD) showing the site boundary, including the new development, together with surrounding buildings for reference
- Anticipated completion and occupation dates

For change of address:

- You must be, or have authorisation from, the owner to request a change of address.
- Floor plan of the existing property
- Reason for change

Once created, the Council informs various bodies of your new address including the Emergency Services, Council Tax, Land Registry and utility companies as well as adding it to the National Land and Property Gazetteer.

Please be advised that companies and services using the PAF file only update the addresses monthly, quarterly or even less frequently, therefore it may take a while for your address to be listed in some places. It will, however, appear on the Royal Mail website within a few days once it has been added to the live address file.

Reading Borough Council has no control over the frequency by which other organisations update their address files.
