Sarah Duckworth, Planning and Building Control

Dear Mr. King-Fretts

RE: PROPOSED WORKS TO A CHERRY TREE ON LAND TO THE REAR OF 14 OAKLANDS, READING RG1 5RW AND PROTECTED AS T56 OF TREE PRESERVATION ORDER NUMBER 126/001.

Thank you for your application dated 5th June 2019, regarding the above.

Further to my visit on Wednesday 19th June 2019, I can confirm that the following proposed works, as detailed in your application, are approved subject to the conditions below:

Approved Tree Works

- T56 (Cherry) Crown thin by 15% and crown lift to give 2m clearance from ground level.

Conditions

1. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

2. The approved canopy thin shall be undertaken in mid-late summer (July - September) when the tree's energy reserves are at their height or during the Winter months of December - January during the period of dormancy.

Reason: Taking into account the tree's phenological cycle and in order to avoid any unnecessary detriment to the tree as a result of the pruning work.

Informatives

1. You are advised that, in accordance with Part 4, 17 (4) of The Town and Country Planning (Tree Preservation)(England) Regulations 2012, this decision is valid for one pruning operation (as per the approved specifications) to be undertaken within two years from the date of this notice, after which the consent lapses and a new application will be required.
2. Removal of dead or dangerous wood: This does not require the formal consent of the Council. However written notice must be given 5 working days in advance of removing dead wood. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary'.
3. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 030 6000
4. Tree work consents on land not owned by the applicant: It is strongly recommended that the owner of the tree be advised of any proposed works. The owner's permission must be sought if the tree works involve work past the boundary line. This consent does not in any way imply that this Council has informed the owner of sought permission or will condone the use of consents to force any landowner to grant such permission.

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:

The Environment Appeals Team, The Planning Inspectorate, Room 3/25, Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN
