Sarah Duckworth, Planning and Building Control

Dear Mr. Simpson,

RE: PROPOSED WORKS TO TREES ON LAND ADJOINING 33 TREDEGAR ROAD, EMMER GREEN, READING - SUBJECT TO TREE PRESERVATION ORDER NUMBER 333 & 210.

Thank you for your application dated 23rd October 2019, regarding the above.

I can confirm that the following proposed works, as detailed in your application, are approved subject to the conditions below:

- T2 (Oak) Shorten the extended lower limb by 2 - 3m
- T4 (Oak) Reduce canopy by 2 to 3m to suitable side growth point, remove deadwood and undertake canopy inspection.

Conditions

1. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

2. The approved canopy reduction shall be undertaken in mid-late Summer (July - September) when the tree's energy reserves are at their height or during the Winter months of December - January during the period of dormancy.

Reason: Taking into account the tree's phenological cycle and in order to avoid any unnecessary detriment to the tree as a result of the pruning work.

3. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.

Reason: Spikes can cause extensive long-term damage.

Informatives

1. You are advised that, in accordance with Part 4, 17 (4) of The Town and Country Planning (Tree Preservation)(England) Regulations 2012, this decision is valid for one pruning operation (as per the approved specifications) to be undertaken within two years from the date of this notice, after which the consent lapses and a new application will be required.

2. Removal of dead or dangerous wood: This does not require the formal consent of the Council. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary'.

3. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 030 6000

4. Prior to the severing of well-established Ivy at the base of the tree, it would be prudent to carry out an assessment of whether any of the stems of the Ivy are forming a natural brace above a suspected bark-included union

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:

The Environment Appeals Team, The Planning Inspectorate, Room 3/25, Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN
