

**TOWN AND COUNTRY PLANNING ACT 1990
PLANNING AND COMPENSATION ACT 1991
THE TOWN & COUNTRY PLANNING
(DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND) ORDER 2015**

APPLICATION FOR FULL PLANNING PERMISSION

To: Freeths LLP
Cumberland Court
80 Mount Street
Nottingham
NG1 6HH

Application No: 180683
Application type: Full Planning Approval

Applicant: Titan Property Developments

READING BOROUGH COUNCIL as Local Planning Authority **GRANT FULL** planning permission for the following development in accordance with the plans and supporting information submitted in connection with this application.

Proposal: Construction of a part five part three storey building of 14 residential apartments (C3) and associated undercroft car parking

At: Land Adjacent 300 Kings Road Reading RG1 4HP

Subject to such conditions and for such reasons as may be attached

**OTHER STATUTORY CONSENTS MAY BE REQUIRED
PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE**

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

Application At: Land Adjacent 300 Kings Road Reading RG1 4HP

Application No: 180683

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin no later than three years from the date of this planning permission.

Reason: to prevent an accumulation of unimplemented planning permissions, and in accordance with Section 91 of the Town & Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

PL03 Revision B - Proposed Site Plan

PL04 Revision D - Proposed Floor Plans

PL05 Revision D - Proposed Elevations

PL08 Revision C - Proposed Section

Received by the Local Planning Authority on 18th October 2018

PL-01 - Existing Location and Block Plans

Received by the Local Planning Authority on 25th April 2018

Reason: because permission is granted in respect of the development as detailed in the approved plans only.

3. No development shall take place until details of the materials to be used in the construction of the external surfaces of the development including all external fixtures, fittings, facing brick, roof materials, window and door frames, balustrades, rainwater goods and details of window and doorway reveals have been submitted to and been approved in writing by the Local Planning Authority. The development shall be carried out using only the approved materials.

Reason: as no details have been submitted and in the interests of the visual appearance of the building and the area in accordance with Policy CS7

4. No development shall take place within the application site until the applicant, their agents or successors in title have secured and implemented a programme of archaeological field evaluation in accordance with a written scheme of investigation, which has been submitted by the applicant and approved in writing by the Local Planning Authority. The results of the evaluation will inform the preparation of a subsequent mitigation strategy which will be submitted by the applicant and approved in writing by the Local Planning Authority prior to the commencement of the development. The mitigation strategy will provide for:

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

i) A programme of site investigation and recording, or alternative appropriate mitigation, within the area of archaeological interest. Development will not commence within the application site until the site investigation has been satisfactorily completed.

ii) A programme of post investigation assessment, analysis, publication, dissemination and archiving. This part of the condition shall not be discharged until these elements of the programme have been fulfilled in accordance with the programme set out in the Written Scheme of Investigation or unless otherwise agreed in writing by the Local Planning Authority

Reason: To ensure that any archaeological remains within the site are adequately investigated and recorded or preserved in accordance with Policy CS33.

5. Prior to first occupation of any part of the development hereby permitted glazing and ventilation shall be installed in accordance with the approved specifications set out in the REC Acoustic Assessment dated 19 April 2018 ref. AC105139-1r1 received by the Local Planning Authority on 24th April 2018. The approved glazing and ventilation measures shall be retained thereafter.

Reason: to protect the amenity of future occupants of the proposed development in accordance with Policies DM4 and CS34.

6. (a) No development shall take place until a plan has been submitted to and been approved in writing by the Local Planning Authority to show how bicycle parking facilities can be provided on site.

(b) No building or use hereby permitted shall be occupied or the use commenced until the bicycle parking facility for that building or use has been completed as shown on the approved plan.

(c) Thereafter the bicycle parking facility shall be kept free of obstruction and available for the approved use at all times.

Reason: To encourage travel by sustainable alternatives to driving a motorcar in accordance with the Local Planning Authority's approved transport policies CS23 and CS24

7. No development shall take place until full details of both hard and soft landscaping have been submitted to and been approved in writing by the Local Planning Authority. The submitted details shall include:

(a) hard surfacing materials; and

(b) proposed and existing functional services above and below ground (e.g drainage, power, communications cables, pipelines etc. indicating lines, manholes etc); and

(c) planting plans; written specifications (including cultivation and other operations associated with plant and grass establishment); schedules of plants, noting species, plant sizes and proposed numbers/planting densities where appropriate.

(d) Tree pit specifications.

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

Reason: in the interest of ensuring that the landscaping of the development enhances the visual local environment and in accordance with Policy CS7

8. The hard and soft landscaping of the development hereby permitted shall be carried out, in accordance with the approved landscaping plans and documents. The soft landscaping shall take place no later than during the first planting season following the date when the development hereby permitted is ready for occupation or in accordance with a timetable agreed in writing with the Local Planning Authority.

Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

9. All planted materials shall be maintained for five years and any trees or plants removed, dying, being severely damaged or becoming seriously diseased within 5 years of planting shall be replaced with others of similar size and species to those originally required to be planted.

Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

10. No development hereby permitted shall commence until details of biodiversity enhancements, to include 6 swift bricks built into the new building have been submitted and approved in writing by the council. The enhancement measures shall be installed prior to first occupation of development and shall be retained as per the approved details thereafter.

Reason: To provide biodiversity enhancements in line with Local Plan Policy CS36 of the core strategy and Paragraphs 109 and 118 of the NPPF.

11. No development shall take place until a Construction Method Statement has been submitted to and been approved in writing by the Local Planning Authority to provide for:

- space on site where vehicles of site operatives and visitors can be parked with details of how site operatives and visitors will be required to make use of the parking area provided
 - location on site for storage of plant and materials used in constructing the development
 - the erection and maintenance (including removal of any graffiti or fly posters) of security hoarding around the site
 - any footpath closures or road closures needed during construction
 - wheel washing facilities on site
 - a scheme for recycling waste resulting from the construction works
- * control of noise and dust emanating from the site during construction works

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

The measures within the approved Construction Method Statement shall be maintained and adhered to throughout the course of the development unless changes are agreed in advance and in writing by the Local Planning Authority.

Reason: in the interests of protecting the amenity of local land uses or neighbouring residents, the character of the area and highway safety. In accordance with Policy DM12.

12. The dwellings hereby permitted shall not be occupied until all vehicle parking spaces have been provided in accordance with approved plan ref. PL03 Revision B - Proposed Site Plan received by the Local Planning Authority on 18th October 2018 . The spaces shall be kept available for parking at all times thereafter.

Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policy CS24 & CS24 and Policy DM12.

13. No dwelling hereby approved shall be first occupied until the energy measures hereby approved in the BAILEYGOMM LTD Sustainability Strategy document rev. 1 dated 19th April 2018 and received by the Local Planning Authority on 24th April 2018 have been completed. The energy measures implemented shall be retained thereafter.

Reason: To ensure that the development is carried out in accordance with sustainable building standards in accordance with Policy CS1.

14. Prior to commencement of the development hereby permitted details of photovoltaic panels to be installed at roof level (to include their proposed layout and sectional profile drawings, to scale) shall be submitted to and approved by the Local Planning Authority. No residential unit hereby approved shall be occupied until the photovoltaics panels have been installed as approved and the panels shall be retained thereafter.

Reason: To ensure that the development contributes sufficiently to environmental sustainability, in accordance with Policy CS1 of the Reading Borough LDF Core Strategy 2008 (Altered 2015) and Policy DM1 of the Sites and Detailed Policies Document 2012 (Altered 2015).

15. No residential unit hereby approved shall be occupied until the Council has been notified in writing of the full postal address of the unit. The notification shall be sent to the Council's Planning Manager quoting the application reference specified on this Notice.

Reason: In order that the Council can update its records to ensure that parking permits are not issued to the occupiers of the new residential units hereby approved, and thus ensure that the development does not harm the existing amenities of the occupiers of neighbouring residential properties by adding to the already high level of on street car parking in the area in accordance with Policy CS24 and Policy DM12.

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

16. Prior to any agreement being entered into for a new occupation of, or transfer of any interest in, the residential unit(s) hereby approved, the prospective occupier/transferee shall be informed that there is no automatic entitlement to a car parking permit for any existing residential parking permit schemes and future schemes on adjacent and surrounding streets. All material used for advertising or marketing the residential unit(s) for letting or sale shall make it clear to prospective tenants and occupiers that they will not be automatically entitled to a parking permit, but any application for a parking permit will be considered on its merits.

Reason: In order that the prospective occupiers are made aware of the fact that while they can submit an application they will not be automatically entitled to an on-street car parking permit. In the interests of the proper management of parking, and to ensure that the development does not harm the existing amenities of the occupiers of neighbouring residential properties by adding to the already high level of on street car parking in the area in accordance with Policy CS24 and Policy DM12.

17. No development shall take place until an assessment of the nature and extent of contamination has been submitted to and approved in writing by the Local Planning Authority. This assessment must be undertaken by a competent person, and shall assess any contamination on the site, whether or not it originates on the site. Moreover, it must include:

- (i) a survey of the extent, scale and nature of contamination;
- (ii) an assessment of the potential risks to:
 - human health,
 - property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes, - adjoining land,
 - groundwaters and surface waters,
 - ecological systems,-
 - archaeological sites and ancient monuments;

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

18. No development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment has been submitted to and approved in writing by the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, an appraisal of remedial options, and proposal of the preferred option(s), and a timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

19. The remediation scheme shall be implemented in accordance with the approved timetable of works. A validation report (that demonstrates the effectiveness of the remediation carried out) must be submitted to and approved by the Local Planning Authority prior to construction of the development.

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

20. In the event that contamination is found at any time when carrying out the approved development not previously identified, development must be halted on that part of the site and it must be reported in writing to the Local Planning Authority.

Following that an assessment of the nature and extent of contamination must be undertaken and where remediation is necessary a remediation scheme, together with a timetable for its implementation, must be submitted to and approved in writing by the Local Planning Authority. The measures in the approved remediation scheme must then be implemented in accordance with the approved timetable. Following completion of measures identified in the approved remediation scheme a validation report must be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the development is suitable for its end use and the wider environment and does not create undue risks to occupiers of the site or surrounding areas in accordance with Policy CS34.

21. The hours of noisy construction, demolition and associated deliveries shall be restricted to the hours of 08:00hrs to 18:00hrs Mondays to Fridays, and 09:00hrs to 13:00hrs on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior approval from the Local Planning Authority.

Reason: In the interests of the amenities of nearby residents.

22. The roof areas of the development hereby permitted, as shown on drawing ref. PL04 Revision D - Proposed Apartment Plan - All Floors Floor Plans received by the Local Planning Authority on 18th October 2018, shall not be used as a balcony, roof garden or similar amenity areas without the grant of further specific planning permission from the Local Planning Authority.

Reason: To safeguard the amenities of the adjoining premises from overlooking and loss of privacy in accordance with Policy DM4.

23. Mobility-impaired access for the development shall be secured in accordance with page 34 of the Titan Property Developments - Fatherson House Design and Access

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

Statement received by the Local Planning Authority on 27th April 2018 with the retention of all standards, including lifts in working order thereafter.

Reason: to ensure a suitable level of access for those with mobility impairments in accordance with Policy CS5.

INFORMATIVES

1. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.

2. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) or planning obligation(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.

3. The Local Planning Authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target or agreed extended timescale for the decision to be issued.

4. i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.

ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.

5. The occupiers of the residential unit(s) will not be automatically entitled to an on-street car parking permit. Current and new occupiers should be informed of this and be advised to find out more about parking permits on the Council's website. There is already a high level of on street car parking in the area and the site is located close to local facilities, with frequent public transport services on nearby roads.

6. To minimise the disturbance by noise of future residential occupiers of the flats and its effect on neighbouring residents, residential accommodation must be designed and constructed or converted so as to achieve the insulation requirements set out in Building Regulations Approved Document E.

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

7. A section 106 Agreement has been completed for this development. A copy of the S106 Legal Agreement is available on the Council's Public Register of Planning

8. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted to make clear that they require approval from the Local Planning Authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.

9. The Council introduced the Community Infrastructure Levy (CIL) on 1st April 2015. CIL is a way of securing financial contributions towards infrastructure from new development, and partially replaces the Section 106 planning obligation regime. It is a set charge per sq m of floorspace for different uses, and, unlike Section 106, it is non-negotiable. It applies to developments which result in at least one dwelling; where the space has not been in lawful use for 6 months within the last 3 years or 100 sq m of new floorspace. For this approved development the CIL status is CHARGEABLE. If chargeable you will be sent a CIL Liability Notice with the calculated amount soon. CIL becomes payable on commencement of the development or by instalments.

Date: 13.02.2019

Head of Planning, Development & Regulatory Services *RE*

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at www.planningportal.gov.uk/pcs.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Street Naming & Numbering

You must contact Reading Borough Council to:

- Name or number a new development
- Name a new street
- Get addresses for flat conversions
- Name or rename an existing building

Otherwise the following may occur:

- You will not have an official address or postcode. When your property goes through the official process it may be given a different address and Postcode than you are currently using.
- You may have difficulty receiving mail
- You may have problems when buying goods or services such as utilities and telecommunications
- The emergency services may have difficulty locating you.
- You may have problems accessing Council services such as Education, Parking Services and Electoral Registration.

The Council is responsible for assigning house names and numbers and street names. It is also responsible for updating the National Land and Property Gazetteer (NLPG) which is a list of addresses which meet a common standard (BS7666) used throughout the country.

When a new address or change of address is requested, the Council contacts Royal Mail who check the address on behalf of the Emergency Services, assign a postcode and add it to their Postal Address File (PAF). The PAF list is used by many companies and services to check addresses, authenticate transactions and order goods, as well as deliver mail, so it is in your interest for your address to be on that list. Royal Mail will not create an address until requested to do so by the Council.

How to apply:

Email us using streetnamingnumbering@reading.gov.uk

Or telephone us on 0118 9373737

What we need to complete your request:

For new addresses or flat conversions:

- Site layout plan containing plot numbers
- Location plan - No bigger than A3 size (hard copy, PDF, JPEG or AutoCAD) showing the site boundary, including the new development, together with surrounding buildings for reference
- Anticipated completion and occupation dates

For change of address:

- You must be, or have authorisation from, the owner to request a change of address.
- Floor plan of the existing property
- Reason for change

Once created, the Council informs various bodies of your new address including the Emergency Services, Council Tax, Land Registry and utility companies as well as adding it to the National Land and Property Gazetteer.

Please be advised that companies and services using the PAF file only update the addresses monthly, quarterly or even less frequently, therefore it may take a while for your address to be listed in some places. It will, however, appear on the Royal Mail website within a few days once it has been added to the live address file.

Reading Borough Council has no control over the frequency by which other organisations update their address files.
