8.11 Consented and Proposed Comparison Elevations

East Block

Consented

Amended area as result of internal layout changes

This facade has been redesigned to include one additional balcony on levels 2 - 6. As such, windows have been replaced by a balcony door.

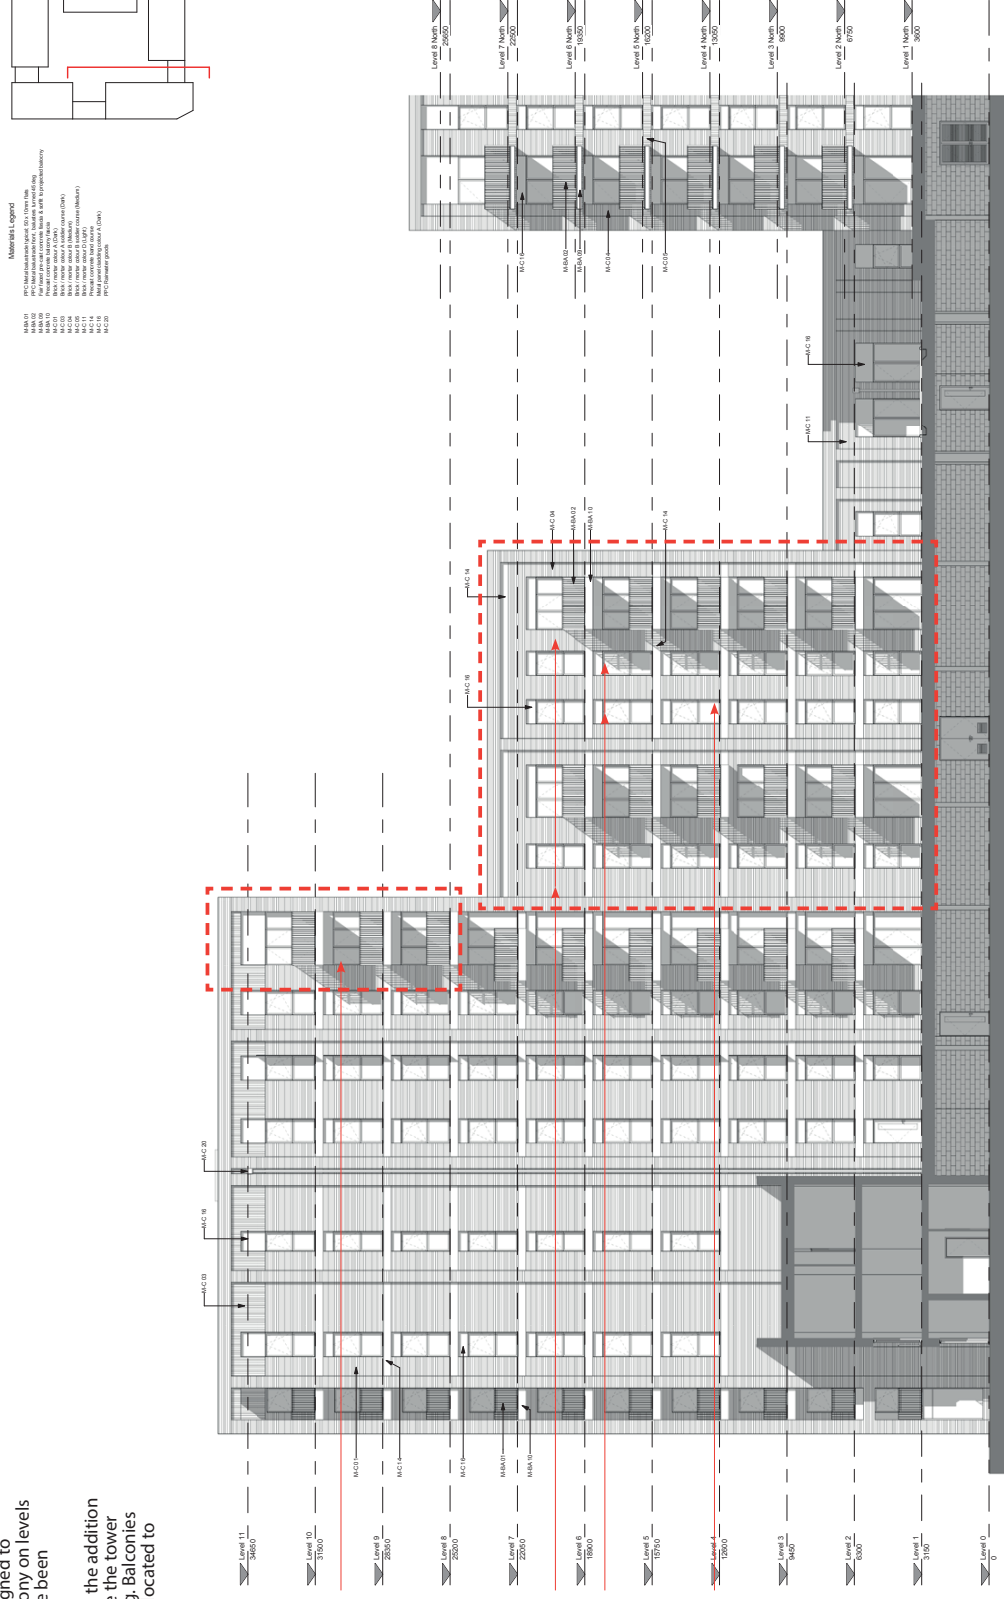

Other amendments include the addition of one brick pier to separate the tower from the rest of the building. Balconies on levels 8-10 have been relocated to align with ones levels 2-7.

Balconies relocated to align to ones on the levels below

Brick piers added

Windows replaced by balcony door

Balconies added

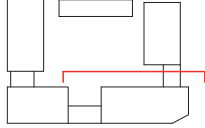

CDM REGULATIONS 2015. All current drawings and specifications for the project must be read in conjunction with the Designer's Hazard and Environment Assessment for the road. All intellectual property rights reserved.
