Dear Mr Clarke

**RE: PROPOSED WORKS TO ONE BEECH TREE AT TREYARNON COURT, EASTERN AVENUE,
READING - T1 OF TREE PRESERVATION ORDER NUMBER 66/05.**

Thank you for your application, received on 3 February 2019, following your email of 10 January 2019 specifying the proposed works.

Further to my visit on 7 February 2019 and our subsequent email exchanges, I can confirm that the following proposed works, as detailed in your amended application, are approved subject to the conditions below:

- T1 Beech (T2 of application) – crown lift over the driveway to 4-5m above ground level; crown lift over the garage to give 2-3m clearance; selective branch reduction to give a maximum of 3m clearance from the property. The intended removal of dead wood is noted.

Conditions

1. Five days notice in writing shall be given to the Council prior to undertaking the approved works.

Reason: To ensure that the Local Planning Authority is given sufficient notice of the works to enable the effective monitoring of tree work within the Borough.

2. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

3. This decision is valid for two years from the date of this notice after which the consent lapses

4. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.

Reason: Spikes can cause extensive long-term damage

Informatives

1. Removal of dead or dangerous wood: This does not require the formal consent of the Council. However written notice must be given 5 working days in advance of removing dead wood. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary'.

2. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 060 3900; enquiries@naturalengland.org.uk

3. It is best to avoid works in the period immediately before or during bud burst and leaf fall to minimise the effect on the long-term health of the tree

4. Tree work consents on land not owned by the applicant: It is strongly recommended that the owner of the tree be advised of any proposed works. The owner's permission must be sought if the tree works involve work past the boundary line. This consent does not in any way imply that this Council has informed the owner or sought permission or will condone the use of consents to force any landowner to grant such permission.

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:

The Environment Appeals Team, The Planning Inspectorate, Room 3/25, Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN
