Dear Mr John Duthaler,

Application for confirmation that conditions 3 (Materials) of planning permission ref. 172092/FUL has been discharged

At: Davidson House, Forbury Square, Reading

I write with regards to conditions 3 (Materials) of planning permission ref. 172092/FUL.

Condition 3 (Materials)

The materials were seen on site 3rd August 2018. Whilst there would be some wear of the timber from the elements, the proposed UV protection and glazed canopies and side panels will seek to preserve the colour. The materials are considered satisfactory in this location and for this development.

The following materials and details are hereby **approved** pursuant to condition No.3 of planning permission 172092:

- Polyester powder coated secondary steelwork; RAL 9006, 30% gloss
- Polyester powder coated primary steelwork; RAL 7024, 30% gloss
- Natural glulam timber fins; spruce with UV treatment (larch staining)

- Natural stone paving; Sandstone, colour: orange, sawn finish
- Polyester powder coated to lift installation; BS 00E05 (goose wing grey), 30% gloss

Received 25th October 2018

The above conditions, where a submission is required and has been provided, shall have been considered to have been discharged, providing that the development is undertaken in accordance with the approved details.

I trust the above is satisfactory, however, please contact me should you have any queries.

Yours sincerely,

Ethne Humphreys

Ethne Humphreys

Planning Officer (North/Central Area)
