Dear Miss Cook

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 181085

Application type: Approval of Conditions

Address: Engineering, University Of Reading Shinfield Road Reading

Proposal: Application for approval of details reserved by condition 9 of permission 162219 (groundwater protection).

I refer to your application as described above.

The intrusive assessment within submitted Geo-environmental Site Assessment, March 2017 - AECOM (13 parts) ref 60441574, dated 3 March 2017, concludes that there is no risk to groundwater and therefore no remedial measures for ground water protection are required. This assessment is **approved** pursuant to Condition 9.

No further details are required to be submitted to satisfy this condition.

Please note that it is the responsibility of the developer to ensure that all relevant conditions are complied with during the construction and/or subsequent use of the development.

Should you wish to discuss this matter further, please contact me by email or the direct line as above.

Yours sincerely

SDV

Steve Vigar
Principal Planning Officer
