Dear Jo

Re: New Resited Front Entrance

Further to my visit to your offices find our quotation for the project as follows:

Entrance Door with Toplight above – 925mm (w) x 2890mm (h) o/a

Polyester Powder coated to standard RAL 9910 white finish

102mm x 46mm polyamide non-thermally broken pocket glazed system

No cill

150mm mid rail with letter plate

Anti – finger trap door stiles, top and bottom weatherstrips and low threshold

Adams Rite MS2200 high security hook lock with euro profile cylinder.

Aluminium faced insulated panels below midrail powder coated to match frame.

Toughened Safety glass glazing to topline and door section above midrail.

New door to be resited 600mm forward from present position.

Fully fitted, 10year service guarantee

Optional Extras:

Unican Simplex 300 mechanical keypad lock
with thumb turn release internally

Full height pole handles (per handle)

Brushed silver

Polished Stainless Steel

If you have any questions or would like further information, please just give me a call or drop me an email.

Kind regards
