Application No: 182152

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin no later than three years from the date of this planning permission.

2. The materials to be used in the construction of the external surfaces of this development shall match those used on the existing building.

Reason: as no details of the materials have been submitted and in the interests of ensuring that the new development appears in keeping with the existing building.

Policy DM9 (House Extensions and Ancillary Accommodation) Sites and Detailed Policies Document

3. The development hereby permitted shall be carried out in accordance with the following approved plans:

Drawing No: 18/1256/01 Rev C (Floor Plans & Elevations) submitted on 6 February 2019.

Unreferenced Block Plan (with no bin or cycle store shown) submitted on 1 May 2019.

INFORMATIVES

1. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) or planning obligation(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.
2. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.
3. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.
4. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:
www.communities.gov.uk/publications/planningandbuilding/partywall
5. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target or agreed extended timescale for the decision to be issued.
6. The occupiers of the residential unit(s) will not be automatically entitled to an on-street car parking permit. Current and new occupiers should be informed of this and be advised to find out more about parking permits on the Council's website. There is already a high level of on street car parking in the area and the site is located close to local facilities, with frequent public transport services on nearby roads.
7. HMO Management Plan
The Council expects all properties in HMO use to be properly managed in accordance with requirements under the Housing Acts and associated regulations. The Council publishes comprehensive information in its Houses in Multiple Occupation Management Pack, <http://www.reading.gov.uk/media/1412/HMOs-Management-Pack/pdf/HMOs->

Management-Pack.pdf. Landlords/ owners are advised to follow the advice in the pack to ensure compliance with the requirements of the Housing Acts. Landlords/ owners are advised that a property specific management plan should be drawn up. This plan should be given to all occupants/tenants, preferably as part of their tenancy agreement or contract. The operation of the property should be undertaken in accordance with the approved management plan.

A good management plan will include matters related to:

- Responsibilities and standards for the management of internal communal areas including kitchens, dining areas, living rooms and shared bathrooms;
- Responsibilities and standards for the management of common parts, fixtures, fittings and appliances. These must be maintained in good and clean decorative repair, maintained in a safe and working condition and kept reasonably clear from obstruction, e.g. banisters and handrails, stair coverings, windows, lighting, gardens and yards, walls and fences, etc.;
- Responsibilities and standards for the management of external areas in terms of landscaping, maintenance and tidiness, in particular areas visible from the public highway or street. This will include matters relating to the erection of Satellite dishes and television aerials;
- Responsibilities and standards for the use and tidiness of bins, binstores, and rubbish in the use of the property along with appropriate facilities to enable the recycling of waste that meets the Council's current practices;
- Responsibilities and standards for the parking of cycles.
- An undertaking to ensure all occupants/tenants will be provided with a copy of the management plan as part of their tenancy agreement or contract and the importance of complying with its measures emphasised;

Applicants should note that information on the collection of bins can be found on the Council's website at: <http://www.reading.gov.uk/binchanges>

8. C4 HMO use

The applicant/owner is reminded that this authorised change of use is to a C4 - small HMO, which is defined as accommodation for 3-6 unrelated persons sharing at least one basic amenity. Should more than 6 persons reside at the property at any one time a change of use to a large HMO use would occur and this change would require planning permission.

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at <https://acp.planninginspectorate.gov.uk/>.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
