Drawing No: Proposed Ground Floor Plan 03

The development shall not be carried out other than in accordance with the approved Tree Protection Plan.

INFORMATIVES

1. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) or planning obligation(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.

2. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.

3. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.

4. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:

www.communities.gov.uk/publications/planningandbuilding/partywall

5. The decision to grant planning permission follows the positive and proactive consideration of the issues raised by this planning application and issuing the decision within the eight week time period.

6. You are advised to avoid the use of the grass verges for development related activity, e.g. storage of materials, due to the resulting potential harm to important street trees.

7. i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.

ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.

8. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted (with a *) to make clear that they require approval from the Local Planning Authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at <https://acp.planninginspectorate.gov.uk/>.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
