GREY ROOF SLATES TO SUIT PITCH AND TO MATCH EXISTING
FACING BRICKWORK WITH ASSOCIATED DETAILING TO MATCH EXISTING
GREY POWDER COATED ALUMINIUM DOORS AND WINDOWS
WHITE UPVC FASCIAS TO MATCH EXISTING
WHITE UPVC RAINWATER GOODS TO MATCH EXISTING

An architectural elevation drawing of a building facade. The drawing is composed of black lines on a white background. It shows a multi-story structure with a complex roofline. On the left, there is a small, dark rectangular window. Above it, a small gabled roof section is visible. The main body of the building has a tall, narrow vertical section. To the right of this, there is a large, steeply pitched roof section. Further right, the roofline drops down, and there is a small, low-pitched roof section. The drawing uses double lines to represent roof edges and other architectural details. A dashed horizontal line runs across the bottom of the building, indicating the ground level.
