Dear Ghazala Faizi,

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 181192

Application type: Approval of Conditions

Address: Battle Hospital Oxford Road Reading RG30 1AG

Proposal: Confirmation of compliance with all conditions under approved application 06/00011/FUL

I refer to your application as described above.

I have compiled the following table showing that most conditions have been met. Your enquiry specifically referred Conditions 4, 10, 11, 12, 20, 35 and 50, which are highlighted on the table. As you can see the conclusion reached in respect of these conditions is that the conditions are either no longer relevant, have been met or are no longer capable of being enforced.
