

DELEGATED APPLICATION REPORT

Address: The Arthur Clark Home, 1 Albert Road, Reading

Application No: 181871/NMA

Proposal: Non-material amendments to permission 152277 (granted on 18/10/2016 for the erection of a 1-4 storey building comprising 43 extra care apartments (Class C2) with altered landscaping, 21 car parking spaces and associated works, following demolition of existing buildings) to provide timber effect balustrades (rather than glass juliet balconies) above the Albert Road entrance at first and second floor level.

Applicant: A2Dominion Housing Options Ltd

Date received (valid from): 31/10/18

Target Decision date: 28/11/18

Case officer: Jonathan Markwell

1. Site Description and Surrounding Area

- 1.1 The application site is approximately 0.47ha in size and forms a 'corner plot' bounded to the east by The Mount and Albert Road, with Dovedale Close to the south. To the north and west of the site are the residential rear gardens of properties fronting Albert Road, Dovedale Close and Blossom Road. The wider area is characterised by dwellings of varying ages and architectural styles, including 2 / roofspace 3-storey Edwardian / Victorian dwellings set in generous plots and 1960s 2-storey properties within the residential development at Dovedale Close. As such, the surrounding area is characterised solely by residential uses.
- 1.2 The site is presently under construction for the erection of a 1-4 storey building comprising 43 extra care apartments (Class C2) with altered landscaping, 21 car parking spaces and associated works. This has followed the recent demolition of the pre-existing buildings at the site, which were formerly utilised (until 2013) as the Albert Road Day Centre and Arthur Clark Care Home.
- 1.3 The site is also characterised by a garden area in the south-east of the site and a significant number of mature trees, which form a boundary screen around the site. On 19 April 2016 a Tree Preservation Order (TPO) (Ref 9/16) was served on the application site, to include those trees considered to be important to the character of the area and prominent from a number of viewpoints locally. Moreover, the protection of the trees was considered necessary to ensure their retention in the future. This relates to 13 individual trees (5 Limes, 2 Horse Chestnuts, 2 Sycamores, 1 Cedar, 1 Pine, 1 Yew and 1 Copper Beach) spread across the west and south perimeter of the site (predominantly the western boundary) and one group (comprising a Sycamore and Monterey Cypress) fronting onto Albert Road. It is also relevant to note that five trees within the neighbouring No. 3 Albert Road, but on the boundary with the application site, are subject to TPOs (3 Yews, 1 Oak, 1 Lime). Furthermore, there are six TPO trees on the Albert Road boundary within the garden of 8 The Mount (3 Sycamore, 1 Pine, 1 Fir, 1 Horse Chestnut).
- 1.4 The site is not located within a conservation area. However, the boundary of the St Peters Conservation Area is 33m to the south of the site (encompassing the grounds of the Treetops residential dwellings). The western edge of the application site is within an air quality management area. The site is located within the Thames ward, although The Mount represents the ward boundary with Caversham ward.
- 1.5 In addition, the Albert Road Day Centre/Arthur Clarke Care Home & environs at 1 Albert Road was until 16/09/18 (date of expiry of listing) listed as an asset of community value

(ACV), as per the Localism Act 2011 and The Assets of Community Value (England) Regulations 2012. In practice this meant that if the landowner wanted to sell a registered property, they must give notice. If a group wants to buy the asset, they can trigger a 6 month moratorium to give them a chance to raise the money but the landowner can still sell at the going market rate. This period gives community groups some time to develop a proposal and raise the required capital to bid for the property when it comes onto the open market at the end of the moratorium period. In this case, the site was listed on 17/09/13, with a notice from the owner to dispose of the site received on 11/07/14. At the end of the subsequent six month period no full moratorium was triggered. Nevertheless, the site remained listed as an ACV until 16/09/18.

2. The Proposal

- i. Non-material amendments to planning permission 152277 granted on 18/10/2016 are proposed. More specifically, these seek to provide timber effect balustrades (rather than glass juliet balconies) above the Albert Road entrance at first and second floor level. These are to be installed to allow the appropriate free area for the automatic opening vents which provide smoke ventilation in case of fire.

3. Public Consultation

- i. Neighbour Consultation
No statutory requirement for any for this type of application.
- ii. Chair & Vice Chair of the Planning Application Committee and Thames Ward Councillors

The above councillors were notified via email of the above application on 02/11/18, seeking any comments and agreement to the application being determined by officers under delegated powers by 09/11/18.

No responses were received.

4. Consultations

- i. None required or necessary.

5. Plans Considered

- i. The Council, in reaching its recommendation, has taken into consideration the following documents:

Plans to be superseded (approved at time of 152277):

FC420-2-02 rev S4 - East and West Elevations, as received 29/04/16
FC420-2-10 rev S4 - Proposed Albert Road Elevation, as received 29/04/16
FC420-1-02 rev S2 - First Floor Plan as proposed, as received 21/01/16
FC420-1-03 rev S3 - Second Floor Plan as proposed, as received 29/04/16

Plans as now proposed:

FC420-2-02 rev S5 - East and West Elevations, as received 31/10/18
FC420-2-10 rev S5- Proposed Albert Road Elevation, as received 31/10/18
FC420-1-02 rev S3 - First Floor Plan as proposed, as received 31/10/18

6. Relevant Planning History

- i. 152277 - Erection of a 1-4 storey building comprising 43 extra care apartments (Class C2) with altered landscaping, 21 car parking spaces and associated works, following demolition of existing buildings. Granted following completion of s106 Legal Agreement 18/10/2016.
- ii. 162179 - Discharge of condition 9 (Construction Method Statement) of planning permission 152277. Condition discharged 30/01/17.
- iii. 162361 - Discharge of conditions 3 (materials), 14i (Secured by Design measures), 15 (Sustainable Drainage Scheme), 17i (BREEAM final design stage), 19 (Arboricultural Method Statement), 20i (Hard and Soft Landscaping) and 22 (Levels) of planning permission 152277. Conditions discharged 06/03/17.
- iv. 170485 - Discharge of condition 3 (materials) of planning permission 152277. Condition discharged 26/04/17.
- v. 171052/NMA - Non-material amendments to permission 152277 (granted on 18/10/2016) to alter the size of two rooflights associated with omission of lightwells, add two further rooflights, remove two windows on the inward west facing elevation at the southern end of the site, altered photovoltaic panel locations at roof level and associated works. Granted 17/08/17.
- vi. 172182 - Discharge of condition 3 (materials) of planning permission 152277. Condition discharged 09/01/18.
- vii. 180429/NMA - Non-material amendments to permission 152277 (granted on 18/10/2016 for the erection of a 1-4 storey building comprising 43 extra care apartments (Class C2) with altered landscaping, 21 car parking spaces and associated works, following demolition of existing buildings) to provide an ancillary astro turf lawn bowls area close to the south- east corner of the site and amendments to the landscaping and path layout. Granted 18/05/18.
- viii. 181744/APPCON - Discharge of conditions 13 (noise reducing measures to refuse & recycling facilities), 17 (ii) (final BREEAM certificate), 21 (landscaping management plan) and 27 (external lighting) of planning permission 152277. Current application under consideration.

7. Equality Act 2010:

In determining this application the Council is required to have regard to its obligations under the Equality Act 2010. However, there is no indication or evidence (including from consultation on the application) that the protected groups identified by the Act have or will have different needs, experiences, issues and priorities in relation to this particular planning application. Therefore in terms of the key equalities protected characteristics it is considered there would be no significant adverse impacts as a result of the development.

8. Relevant Planning Guidance

- i. Whilst there is no statutory definition of what constitutes a ‘non-material’ amendment, Section 96A, part 2 of the Town and Country Planning Act 1990 (as amended) states that, *"In deciding whether a change is material, a local planning authority must have regard to the effect of the change, together with any previous changes made under this section, on the planning permission as originally granted."*

9. Relevant Policies

- i. The proposed amendments are assessed for materiality - not on the basis of their planning merits. Planning policies therefore do not apply.

10. Appraisal

- i. The applicant, in seeking to justify to proposals, has stated the following:

The doors that the Juliet balconies protect are to corridor areas. We have been informed by Building Control that these need to be automatically opening vents to provide ventilation for smoke in case of fire. The effective area for smoke ventilation would not be large enough if glass balustrades were used as this would block the smoke. We are required to use a balustrade which allows smoke to freely pass through and has a large enough area. As a similar style of balustrading is being used elsewhere in the development we thought it would be appropriate to use the same balustrading in this location.

- ii. In the context of the permitted scheme it is not considered that the amendments, either individually or cumulatively, will have any material impact on the overall design idiom, neighbour amenities, transport & highway safety or landscaping intentions. More specifically, given the balustrade is identical to those already approved around the building there is considered to be no adverse design implications. Furthermore, based on the information provided by the applicant it is evident that this change has only arisen owing to separate Building Control regulations and is therefore a result of design development. It is also considered within the context of the overall approved scheme and the nature of the surrounding context, the proposed changes are of a relatively inconsequential scale and nature in this overall context.
- iii. The proposals have also been considered within the context of the previous non-material amendments approved at the site in August 2017 and May 2018 (see 171052 & 180429 in the relevant history section above). The effect of the proposed changes and those previously approved are that they are distinctly different elements, which individually and cumulatively are considered to be non-material amendments.
- iv. An informative is recommended which states that this permission relates only to the changes highlighted on the plans/documents. Furthermore, it shall only be read in the context of the substantive full permission (and previous NMA), and is bound by all the conditions and obligations attached to the substantive permission. A further informative is recommended which states: In reaching this decision, the local planning authority is satisfied that the changes proposed by this application do not constitute material changes to the approved planning permission.

11. Conclusion

- i. The local planning authority is satisfied that the changes proposed by this application do not constitute material changes to the approved planning permission.

Recommendation

Grant Non-material amendment

12. Condition:

1. The drawings and information hereby approved as Non-Material Amendments to planning permission 152277, as granted on 18/10/2016, are as follows:

FC420-2-02 rev S5 - East and West Elevations, as received 31/10/18

FC420-2-10 rev S5- Proposed Albert Road Elevation, as received 31/10/18

FC420-1-02 rev S3 - First Floor Plan as proposed, as received 31/10/18

FC420-1-03 rev S4 - Second Floor Plan as proposed, as received 31/10/18

Reason: To clarify which plans are approved and in the interests of proper planning.

Informatives:

1. This permission relates only to the non-material amendments sought and described above and highlighted on the plans. Furthermore, it shall only be read in the context of the substantive planning permission granted on 18/10/2016 under reference number 152277, and is bound by all the conditions and obligations attached to that permission. That permission still stands and this notice (and any other notices issued under section 96a for this development - such as non-material amendment applications 171052 granted on 17/08/17 and 180429 granted on 18/05/18) should be read together.
2. In reaching this decision, the local planning authority is satisfied that the changes proposed by this application do not constitute material changes to the approved planning permission.
3. The Local Planning Authority has worked positively and proactively with the applicant to determine under the non-material amendment procedure within the statutory timeframes.
