

**TOWN AND COUNTRY PLANNING ACT 1990
PLANNING AND COMPENSATION ACT 1991
THE TOWN & COUNTRY PLANNING
(DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND) ORDER 2015**

APPLICATION FOR FULL PLANNING PERMISSION

To: Colony Architects
250 South Oak Way
Reading
RG2 6UG

Application No: 180109
Application type: Full Planning Approval

Applicant: Cokes Developments Ltd.

READING BOROUGH COUNCIL as Local Planning Authority **GRANT FULL** planning permission for the following development in accordance with the plans and supporting information submitted in connection with this application.

Proposal: Erection of 2 no. semi detached 1 bedroom bungalows

At: Land Behind 153 Bath Road Reading RG30 2BD

Subject to such conditions and for such reasons as may be attached

**OTHER STATUTORY CONSENTS MAY BE REQUIRED
PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE**

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

Application At: Land Behind 153 Bath Road Reading RG30 2BD

Application No: 180109

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin within three years from the date of this planning permission.

Reason: to prevent an accumulation of unimplemented planning permissions, and in accordance with Section 91 of the Town & Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

Drawing No: 262 202-02 P3 Amended Proposed Block Plans

Drawing No: 262 203-00 P3 Amended Proposed Site and Ground Floor Plans

Drawing No: 262 204-00 P2 Amended Proposed Section and Elevation Plans.

Reason: because permission is granted in respect of the development as detailed in the approved plans only.

3. **No development shall take place until** details of the materials to be used in the construction of the external surfaces of the development have been submitted to and been approved in writing by the local planning authority. The development shall be carried out using only the approved materials.

Reason: as no details have been submitted and in the interests of the visual appearance of the building and the area in accordance with Policy CS7

4. **No development shall take place**, including any works of demolition, until a Construction Method Statement has been submitted to and been approved in writing by the local planning authority to provide for: (delete where inappropriate)

- space on site where vehicles of site operatives and visitors can be parked with details of how site operatives and visitors will be required to make use of the parking area provided
- location on site for storage of plant and materials used in constructing the development
- the erection and maintenance (including removal of any graffiti or fly posters) of security hoarding around the site
- any footpath closures or road closures needed during construction
- wheel washing facilities on site
- a scheme for recycling waste resulting from the construction works

The measures within the approved Construction Method Statement shall be maintained and adhered to throughout the course of the development unless changes are agreed in advance and in writing by the local planning authority.

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

Reason: in the interests of protecting the amenity of local land uses or neighbouring residents, the character of the area and highway safety. In accordance with Policy DM12.

5. The dwellings hereby permitted shall not be occupied until all vehicle parking spaces have been provided in accordance with the approved plan. The spaces shall be kept available for parking at all times thereafter.

Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policy CS24 & CS24 and Policy DM12.

6. No dwelling shall be occupied until a bicycle parking facility for that dwelling has been completed as shown on plans that have been submitted to and been approved by the Local planning Authority. Thereafter the bicycle parking facility shall be kept free of obstruction and available for the approved use at all times.

Reason: To encourage travel by sustainable alternatives to driving a motorcar in accordance with the Local Planning Authority's approved transport policies CS23 and CS24.

7. No dwelling shall be occupied until the bin storage facility shown on the approved plans has been provided and the bin storage facility shall be retained thereafter for use by occupiers of the dwelling at all times.

Reason: in the interests of the visual amenity of the area and to ensure that bins can be easily accessed when required in accordance with Policy CS7.

8. No development shall take place until full details of both hard and soft landscaping have been submitted to and been approved in writing by the local planning authority. The submitted details shall include:

- (a) hard surfacing materials; and
- (b) proposed and existing functional services above and below ground (e.g drainage, power, communications cables, pipelines etc. indicating lines, manholes etc); and
- (c) planting plans; written specifications (including cultivation and other operations associated with plant and grass establishment); schedules of plants, noting species, plant sizes and proposed numbers/planting densities where appropriate.
- (d) Tree pit specifications.

Reason: in the interest of ensuring that the landscaping of the development enhances the visual local environment and in accordance with Policy CS7

9. The hard and soft landscaping of the development hereby permitted shall be carried out, in accordance with the approved landscaping plans and documents. The hard landscaping shall be completed before occupation of the development. The soft landscaping shall take place no later than during the first planting season following the

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

date when the development hereby permitted is ready for occupation or in accordance with a timetable agreed in writing with the Local Planning Authority.

Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

10. All planted materials shall be maintained for five years and any trees or plants removed, dying, being severely damaged or becoming seriously diseased within 5 years of planting shall be replaced with others of similar size and species to those originally required to be planted. Reason: in the interests of the character and appearance of the new development and in accordance with Policy CS7

11. No development shall take place until an Arboricultural Method Statement and Tree Protection Plan has been submitted to and approved by the Local Planning Authority. Details shall include:

- a) a plan showing the location of, with a reference number, each existing tree on or adjoining the site which has a stem with a diameter exceeding 75mm measured over the bark at a point 1.5 metres above ground level and showing which trees are to be retained and the crown spread of each retained tree;
- b) details of the species, diameter (measured in accordance with paragraph (a) above), height, category (with reference to BS 5837:2012 Table 1) and a plan showing the positions of the Root Protection Zone and Construction Exclusion Zones (in accordance with BS 5837:2012).
- c) details of any proposed work to any retained tree, or of any tree on land adjacent to the site;
- d) details of any proposed alterations in existing ground levels, and of the position of any proposed excavation either within the Root Protection Zone of any retained tree or of any tree adjacent to the site;
- e) details of the specification and position of fencing or any other measures to be taken for the protection of any retained tree (to BS 5837:2012) from damage before or during the course of development.
- f) the development shall not be carried out other than in accordance with the approved details

In this condition all details are to be in accordance with the relevant recommendations of appropriate British Standards or other recognised Codes of Good Practice and "retained tree" means an existing tree which is to be retained in accordance with the plan referred to in paragraph (a) above.

Reason: to ensure that existing trees are accurately recorded and included in any landscaping proposal and that those trees to be retained are protected in accordance with Policy CS38, Policy CS7 and Policy DM18

12. No development shall take place until a scheme has been submitted to and been approved in writing by the Local Planning Authority, which specifies the provisions to be made for the control of noise and dust coming from the site during demolition and construction. The development shall not commence until the approved scheme has

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

been fully implemented and the scheme shall be followed until the development is completed.

Reason: To protect the occupants of nearby residential properties from noise and dust during the development of the site in accordance with Policy CS34 and Policy DM4

13. Notwithstanding the provisions of Part 1, Schedule 2, Article 3, of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any order revoking or re-enacting that Order with or without modification), no development within Class A (enlargement, improvement or other alteration), Class B (enlargement of a dwellinghouse consisting of an addition or alteration to its roof), Class D (erection or construction of a porch outside any external door) or Class E (building or enclosure, swimming or other pool required for a purpose incidental to the enjoyment of the dwellinghouse) shall be carried out within the curtilage of the dwelling without express planning permission from the Local Planning Authority.

Reason: Due to the constrained nature of the site and as unrestricted development could harm the amenities of neighbouring properties through overlooking or being overbearing and harm the appearance of the main house and the area in general and should therefore be controlled in accordance with Policies CS7 and DM4 and DM9.

14. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and/or re-enacting that Order) no windows, other than those shown on the approved plans shall at any time be placed in the north elevation of the building hereby permitted without the grant of a separate planning permission from the Local Planning Authority.

Reason: To safeguard the amenities of the adjoining premises from overlooking and loss of privacy in accordance with Policy DM4.

15. The dwellings hereby permitted are to be completed with 1 bedroom each only as proposed and as shown on the approved plans and shall remain 1 bedroom dwellings thereafter.

Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policy CS24 & CS24 and Policy DM12.

16. Hours of Working - construction and demolition phase

The hours of noisy construction, demolition and associated deliveries shall be restricted to the hours of 08:00hrs to 18:00hrs Mondays to Fridays, and 09:00hrs to 13:00hrs on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior approval from the Local Planning Authority.

Reason: In the interests of the amenities of nearby residents in accordance with Policy DM4.

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

17. No materials or green waste produced as a result of the clearance of the site, demolition works or construction works associated with the development hereby approved shall be burnt on site.

Reason: In the interests of air quality, the amenity of neighbours, and to promote more sustainable approaches to waste management in accordance with Policies CS34 and CS2.

18. Further to the submitted site survey and drawings giving details of the existing and proposed ground levels no part of the development hereby permitted shall exceed 59.00 metres in height when measured from the original ground level (Newlyn Datum).

Reason: to protect the outlook of residents in the neighbouring properties in accordance with Policy CS7

INFORMATIVES

1. Your attention is drawn to the terms and conditions of this permission. Any development which is carried out but which differs materially from the approved plans and details, or does not comply with any condition(s) or planning obligation(s) attached to the permission may result in the Council taking action to remedy the breach of planning control. If you are in any doubt please contact the Council.

2. The Council introduced the Community Infrastructure Levy (CIL) on 1st April 2015. CIL is a way of securing financial contributions towards infrastructure from new development, and partially replaces the Section 106 planning obligation regime. It is a set charge per sq m of floorspace for different uses, and, unlike Section 106, it is non-negotiable. It applies to developments which result in at least one dwelling; where the space has not been in lawful use for 6 months within the last 3 years or 100 sq m of new floorspace. For this approved development the CIL status is CHARGEABLE. You will be sent a CIL Liability Notice with the calculated amount soon. CIL becomes payable on commencement of the development or by instalments.

For more information go to:

http://www.reading.gov.uk/media/2791/Community-Infrastructure-Levy-Advice-to-Applicants/pdf/CIL_Advice_to_Applicants.pdf

3. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target or agreed extended timescale for the decision to be issued.

4. A section 106 Agreement has been completed for this development. A copy of the S106 Legal Agreement is available on the Council's Public Register of Planning

Date: 19 July 2018

Head of Planning, Development
& Regulatory Services

5. You are advised that the development lies on a potentially contaminated site. Due to the nature of the historic land use there is the potential of contaminated land being present. The developers must be aware that any ground or enabling works may bring receptors into contact with the aforementioned contaminants. You may wish to satisfy yourself that the details of the construction proposals take the necessary account of the possibility of contaminants from that source.

6. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.

7. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted to make clear that they require approval from the Local Planning Authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.

8. Highways Act

i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.

ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.

& Regulatory Services

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at www.planningportal.gov.uk/pcs.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Street Naming & Numbering

You must contact Reading Borough Council to:

- Name or number a new development
- Name a new street
- Get addresses for flat conversions
- Name or rename an existing building

Otherwise the following may occur:

- You will not have an official address or postcode. When your property goes through the official process it may be given a different address and Postcode than you are currently using.
- You may have difficulty receiving mail
- You may have problems when buying goods or services such as utilities and telecommunications
- The emergency services may have difficulty locating you.
- You may have problems accessing Council services such as Education, Parking Services and Electoral Registration.

The Council is responsible for assigning house names and numbers and street names. It is also responsible for updating the National Land and Property Gazetteer (NLPG) which is a list of addresses which meet a common standard (BS7666) used throughout the country.

When a new address or change of address is requested, the Council contacts Royal Mail who check the address on behalf of the Emergency Services, assign a postcode and add it to their Postal Address File (PAF). The PAF list is used by many companies and services to check addresses, authenticate transactions and order goods, as well as deliver mail, so it is in your interest for your address to be on that list. Royal Mail will not create an address until requested to do so by the Council.

How to apply:

Email us using streetnamingnumbering@reading.gov.uk

Or telephone us on 0118 9373737

What we need to complete your request:

For new addresses or flat conversions:

- Site layout plan containing plot numbers
- Location plan - No bigger than A3 size (hard copy, PDF, JPEG or AutoCAD) showing the site boundary, including the new development, together with surrounding buildings for reference
- Anticipated completion and occupation dates

For change of address:

- You must be, or have authorisation from, the owner to request a change of address.
- Floor plan of the existing property
- Reason for change

Once created, the Council informs various bodies of your new address including the Emergency Services, Council Tax, Land Registry and utility companies as well as adding it to the National Land and Property Gazetteer.

Please be advised that companies and services using the PAF file only update the addresses monthly, quarterly or even less frequently, therefore it may take a while for your address to be listed in some places. It will, however, appear on the Royal Mail website within a few days once it has been added to the live address file.

Reading Borough Council has no control over the frequency by which other organisations update their address files.
