Application for confirmation that condition 5c (roof lantern materials) of listed building consent ref. 152251, has been discharged.

Queen Annes School, Henley Road, Caversham, Reading

I write with regards to conditions at the above site.

As a reminder condition 5 states:

Notwithstanding what is shown on approved drawings or other approved documents, the detailed design and materials of the following are to be submitted to and approved in writing prior to commencement of related work:

- a) The replacement balcony for the Chapel*
- b) The new staircase to the Foyer*
- c) The roof lantern to the Foyer*

The below information has been submitted for Part C of condition 5:

- Drawing No. PL01 - New Entrance and Music Centre Roof Lantern to the foyer, as received 28/09/18

The drawing was reviewed by the Case Officer and the Reading Borough Council Heritage Consultant. It is considered that the information provided is sufficient to fulfil the requirements of Condition 5 (Part C) of listed building consent 152251. As such, this condition is hereby discharged.

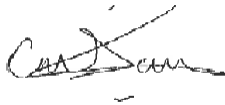

It should be noted that Parts A and B of condition 5 of application 152251 are not discharged as part of this application (they have not been applied to be discharged as part of this application). It was noted by the agent that part B of condition 5 of consent 152251 is no longer relevant to the application due to the existing staircase being retained and no new staircase is to be proposed. In your future submission for condition 5a it is advised

that you seek to include this with regard to condition 5b, so this can be formally responded to as well.

I can therefore confirm that condition 5 (Part C) of listed building consent ref. 152251, is considered to have been discharged, providing that the development is undertaken in accordance with the approved details and information.

I trust the above is satisfactory, however, please contact me on the number above if you have any further queries.

Yours sincerely,
