Dear Summer,

Planning reference 180972/APPCON
Application to discharge a planning condition (external lighting)
Condition 34 of planning permission 162087/VARIAT
Kings Point, 120 Kings Road, Reading

I refer to the above application to discharge a planning condition.

Condition 34 (External lighting)

The condition requires details of the public realm external lighting strategy.

You have provided the document, 'Standard Lighting Calculation: King Points [sic.] Exterior, revision 03 Issued by DRT dated 30/5/18 by Orlight. Although lux levels with regards to surrounding dwellings are missing, the Council's Environmental Protection team does not object to the equipment and siting proposed and the light levels. RBC Transport Strategy has also indicated that there is no concern from a highways point of view.

Overall, I am content with the details supplied, which are considered to be suitable for the purposes of the condition and I can confirm that Condition 34 of planning permission 162087/VARIAT is hereby discharged, providing that the development is undertaken and retained in accordance with the approved details.

Yours sincerely,

Richard Eatough
Principal Planning Officer (North/Central)
