Dear Ms Sharp,

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 180295

Application type: Approval of Conditions

Address: Land north of Three Mile Cross and South of M4 Junction 11

Proposal: Discharge of condition 4 of planning permission 162829

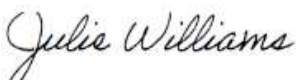

I refer to your application as described above. Sorry for the delay in replying but I have now received the following comment from my colleague Ellie Leary, Archaeology Officer at Berkshire Archaeology.

Thanks again for forwarding on the archaeological watching brief report by Thames Valley Archaeological Services.

The report details the results of archaeological monitoring during ground works for the pumping station and access road. No archaeological remains were recorded and I can confirm that the requirements of condition 4 of permission 160968 have been fully met and no further archaeological investigations are needed.

It can therefore be confirmed that Condition 4 (Archaeology) has been met.

Yours sincerely

Julie Williams
Area Planning Manager
