Dear Tanya,

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 171404

Application type: Approval of Conditions

Address: St Georges Hall St Georges Road Reading RG30 2RG

Proposal: Application for approval of details reserved by condition. (152301)

I refer to your application as described above.

Condition 10 states:

No development shall take place until details of the materials to be used in the construction of the external surfaces of the development have been submitted to and approved in writing by the local planning authority. The development shall be carried out in accordance with the approved details. You have provided brick samples on site for the church extension, a list of materials on document 11981-ML01 Rev 1 and details of glazing on information sheet BR-IS25-Heritage Performance Rev D by Architectural Bronze Casements.

Church extension

Having viewed the brick samples it was concluded that the Victorian Orange Wirecut selection was preferred and I gather that this sample was also chosen by the congregation.

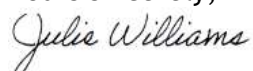

Reconstituted Bath Stone by Elegant Stone and aluminium rainwater goods have also been agreed.

Residential scheme

The materials listed are considered to be acceptable.

Full compliance with the terms of this condition will require only the approved materials to be used to complete the development.

Yours sincerely,

Julie Williams
Area Planning Manager
