Head of Planning, Development
& Regulatory Services

Application At: 51 Cressingham Road Reading RG2 7RX

Application No: 171231

Application type: Full Planning Approval

CONDITIONS & REASONS

1. The development hereby permitted shall begin within three years from the date of this planning permission.

Reason: to prevent an accumulation of unimplemented planning permissions, and in accordance with Section 91 of the Town & Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

3308/275 rev. G, Proposed Site Plan/Ground Floor Plan, received 25 August 2017

3308/276 rev. F, Proposed Site Plan/First, received 25 August 2017

3308/277 rev.A Proposed Elevations Plot 2, received 24 July 2017

3308/278 rev.A Proposed Elevations Plot 1, received 24 July 2017

3308/279 rev.A Proposed Streetscene, received 24 July 2017

3308/280 rev.B Proposed Extended Street Scene, received 24 July 2017

PRI21309-11C, Soft Landscape Proposals, dated 20 February 2018

PRI21309-11Csup, Landscape Proposal Supplement, dated 20 February 2018

PRI21309-12B Hard Landscape Proposal, dated 25 August 2017

Reason: because permission is granted in respect of the development as detailed in the approved plans only.

3. No development shall take place until details and samples of the materials to be used in the construction of the external surfaces of the development have been submitted to and been approved in writing by the local planning authority. The development shall be carried out using only the approved materials.

Reason: as no details have been submitted and in the interests of the visual appearance of the building and the area in accordance with Policy CS7.

4. [Pre-commencement]

No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to and been approved in writing by the local planning authority to provide for:

- space on site where vehicles of site operatives and visitors can be parked with details of how site operatives and visitors will be required to make use of the parking area provided.

Date: 27 March 2018

Head of Planning, Development
& Regulatory Services

- location on site for storage of plant and materials used in constructing the development.
- the erection and maintenance (including removal of any graffiti or fly posters) of security hoarding around the site.
- any footpath closures or road closures needed during construction.
- wheel washing facilities on site.
- Measures to control noise and dust during demolition and construction.
- a scheme for recycling waste resulting from the construction and demolition works.

The measures within the approved Construction Method Statement shall be maintained and adhered to throughout the course of the development unless changes are agreed in advance and in writing by the local planning authority.

Reason: in the interests of protecting the amenity of local land uses or neighbouring residents, the character of the area and highway safety. In accordance with Policies DM4, DM12, CS34 and DM4.

5. The development hereby approved shall not be carried out other than in accordance with the submitted Arboricultural Method Statement and Tree Protection Plan contained within document ref. PRI21309aia-ams rev. A dated 16 October 2017.

Reason: to ensure that appropriate protection is given to trees of amenity value within and adjacent to the site in accordance with Policy CS38.

6. No development (excepting demolition to ground floor finished floor level) shall take place until the applicant or their agents or successors in title have secured the implementation of a programme of archaeological work (which may comprise more than one phase of work) in accordance with a written scheme of investigation, which will have been submitted by the applicant and approved by the planning authority.

Reason: The site lies in an area of archaeological potential, as illustrated by the Berkshire Archaeology Historic Environment Record. Archaeological monitoring or evaluation will ensure preservation, either by record or in situ, of any heritage assets present on the site in a manner appropriate to their significance, in accordance with Policy CS33.

7. No development shall take place (excepting demolition) until there has been submitted to and been approved in writing by the local planning authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. Where appropriate consideration should be given to biodiversity with gaps provided to allow wildlife to move between sites. The boundary treatment shall be completed, in accordance with the approved plan, before the development is occupied or otherwise, in accordance with a timescale for which the prior written approval of the local planning authority has been obtained. Reason: In order to protect the privacy of adjoining and future occupiers and in the interests of the visual amenities of the locality and local wildlife in accordance with Policy CS38, Policy CS7, Policy CS36 & Policy DM17

Date: 27 March 2018

Head of Planning, Development
& Regulatory Services

8. The hard and soft landscaping of the development hereby permitted shall be carried out, in accordance with the approved landscaping plans and documents before first occupation of the development, or in accordance with a timetable that shall have been agreed in writing with the Local Planning Authority prior to first occupation.

Reason: in the interests of the character and appearance of the new development and in accordance with Policies CS7 and DM18

9. All planted materials shall be maintained for five years from date of planting and any trees or plants removed, dying, being severely damaged or becoming seriously diseased within 5 years of planting shall be replaced with others of similar size and species to those originally required to be planted.

Reason: in the interests of the character and appearance of the new development and in accordance with Policies CS7 and DM18.

10. A landscaping management plan, including long term objectives, management responsibilities and maintenance schedules for the landscaped areas within the site shall be submitted to and approved in writing by the local planning authority prior to the occupation of the development or in accordance with a timetable to be agreed in writing with the local planning authority. The landscape management plan shall be carried out as approved.

Reason: to ensure the long term management and maintenance of landscaped areas on the site in accordance with Policy CS38, Policy CS7 and Policy DM18.

11. The dwellings hereby permitted shall not be occupied until all vehicle parking areas have been provided in accordance with the approved plan. The areas shall be kept available for parking at all times thereafter. Reason: To ensure that the development is provided with adequate parking facilities to meet the needs of future occupiers and reduce the likelihood of roadside parking which could be a danger to other road users to accord with Policies CS20, CS24 and DM12.

12. No dwelling hereby permitted shall be occupied until the vehicle access serving the site has been constructed in accordance with the approved drawings.

Reason: In the interests of road safety in accordance with Policy CS20 and Policy DM12.

13. No dwelling hereby permitted shall be occupied until the bicycle parking facility has been provided in accordance with the approved plans. The facility shall be kept available for bicycle parking at all times thereafter.

Reason: To encourage travel by sustainable alternatives to driving a motorcar in accordance with the Local Planning Authority's approved transport policies CS23 and CS24.

Date: 27 March 2018

14. The existing access to the site shall be stopped up and abandoned and the footway and verge shall be reinstated immediately after the new access has been brought into use and prior to first occupation of any dwelling within the development.

Reason: In the interests of road safety and maintenance of the highway. In accordance with Policy DM12.

15. No dwelling shall be occupied until all the visibility splays shown on the approved drawings have been provided. All areas shall thereafter be kept free of all obstructions to visibility over a height of 0.6 metres above the carriageway level.

Reason: In the interests of road safety in accordance with Core Strategy Policy CS20 and Sites and Detailed Policies document Policy DM12.

16. Before occupation of the units, details of the proposed bin stores shall be submitted to and approved in writing by the Local planning Authority. No dwelling shall be occupied until the bin stores have been provided in accordance with the approved details. The bin stores shall not thereafter be used for any purpose other than bin storage. Reason: To ensure that adequate provision is made for the storage and collection of refuse in accordance with Core Strategy Policy CS2 and Sites and Detailed Policies document Policy DM12.

17. All building heights and floor levels shall be in accordance with those stated on the approved drawings, prior to first occupation of the building to which they relate and shall be maintained as such at all times thereafter.

Reason. To ensure that the development maintains the existing character of the area and in the interests of neighbouring amenity in accordance with Policies CS7 and DM4.

18. No construction, demolition or associated deliveries shall take place outside the hours of 0800hrs to 1800hrs Mondays to Fridays, and 0900hrs to 1300hrs on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior written approval from the Local Planning Authority.

Reason: to protect occupiers of nearby properties from unreasonable disturbance from works connected with implementing this permission in accordance with Policy DM4

19. Notwithstanding the provisions of Schedule 2, Article 3, of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any order revoking or re-enacting that Order with or without modification), no development within Class B of Part 2 (means of access to a highway) shall be carried out in relation to the application site, without express planning permission from the Local Planning Authority.

Reason: Due to the effect on the root systems of the adjacent protected tree, the requirement for soft landscaping to the boundaries of the site, and in the interests of highway safety, in accordance with Policies CS7, CS38, DM12 and DM18.

INFORMATIVES

1. i) The attention of the applicant is drawn to Section 59 of the Highways Act 1980, which enables the Highway Authority to recover expenses due to damage caused by extraordinary traffic.
ii) Any works affecting the Highway shall be in accordance with Reading Borough's Council's document "Guidance Notes for Activities on the Public Highway within the Borough of Reading". The applicant should note that compliance with this document is mandatory and licences to work on the Highway will only be issued if the requirements contained within it are met. A copy can be obtained from the Council's website.
2. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted.
3. The Council introduced the Community Infrastructure Levy (CIL) on 1st April 2015. CIL is a way of securing financial contributions towards infrastructure from new development, and partially replaces the Section 106 planning obligation regime. It is a set charge per sq m of floorspace for different uses, and, unlike Section 106, it is non-negotiable. It applies to developments which result in at least one dwelling; where the space has not been in lawful use for 6 months within the last 3 years or 100 sq m of new floorspace. For this approved development the CIL status is CHARGEABLE. If chargeable you will be sent a CIL Liability Notice with the calculated amount soon. CIL becomes payable on commencement of the development or by instalments.
For more information go to:
http://www.reading.gov.uk/media/2791/Community-Infrastructure-Levy-Advice-to-Applicants/pdf/CIL_Advice_to_Applicants.pdf
4. You are advised that no tree works are approved by virtue of this consent. Any works to trees subject to a Tree Preservation Order or to Conservation Area status will require submission of a tree works application or Section 211 Notice respectively.
5. In accordance with Article 35 (DMPO 2015) some conditions have been highlighted as "[Pre-commencement]" to make clear that they require approval from the local planning authority before any development begins. This is because the details need to be designed or works implemented before any other works start on the site or are of a nature that it would be impractical to consider after work has started.
6. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer

should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:

www.communities.gov.uk/publications/planningandbuilding/partywall

7. A section 106 Agreement has been completed for this development. A copy of the S106 Legal Agreement is available on the Council's Public Register of Planning

NOTES

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Council to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against the Council's decision on the application you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against the Council's decision on your application, you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (or 12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.

If the above circumstances do not apply, any appeal must be made within the following time limits.

If this is a householder application and you want to appeal against the Council's decision then you must do so within 12 weeks of the date of this notice. If this is an advertisement application and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of this notice. If you want to appeal against your local planning authority's decision for any other type of application (which is not a householder or advertisement application, or an application for a Certificate of Lawfulness) then you must do so within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, tel. 0303 444 5000, or online at www.planningportal.gov.uk/pcs.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Street Naming & Numbering

You must contact Reading Borough Council to:

- Name or number a new development
- Name a new street
- Get addresses for flat conversions
- Name or rename an existing building

Otherwise the following may occur:

- You will not have an official address or postcode. When your property goes through the official process it may be given a different address and Postcode than you are currently using.
- You may have difficulty receiving mail
- You may have problems when buying goods or services such as utilities and telecommunications
- The emergency services may have difficulty locating you.
- You may have problems accessing Council services such as Education, Parking Services and Electoral Registration.

The Council is responsible for assigning house names and numbers and street names. It is also responsible for updating the National Land and Property Gazetteer (NLPG) which is a list of addresses which meet a common standard (BS7666) used throughout the country.

When a new address or change of address is requested, the Council contacts Royal Mail who check the address on behalf of the Emergency Services, assign a postcode and add it to their Postal Address File (PAF). The PAF list is used by many companies and services to check addresses, authenticate transactions and order goods, as well as deliver mail, so it is in your interest for your address to be on that list. Royal Mail will not create an address until requested to do so by the Council.

How to apply:

Email us using streetnamingnumbering@reading.gov.uk

Or telephone us on 0118 9373737

What we need to complete your request:

For new addresses or flat conversions:

- Site layout plan containing plot numbers
- Location plan - No bigger than A3 size (hard copy, PDF, JPEG or AutoCAD) showing the site boundary, including the new development, together with surrounding buildings for reference
- Anticipated completion and occupation dates

For change of address:

- You must be, or have authorisation from, the owner to request a change of address.
- Floor plan of the existing property
- Reason for change

Once created, the Council informs various bodies of your new address including the Emergency Services, Council Tax, Land Registry and utility companies as well as adding it to the National Land and Property Gazetteer.

Please be advised that companies and services using the PAF file only update the addresses monthly, quarterly or even less frequently, therefore it may take a while for your address to be listed in some places. It will, however, appear on the Royal Mail website within a few days once it has been added to the live address file.

Reading Borough Council has no control over the frequency by which other organisations update their address files.
