To all Local Residents:

Dear Neighbours,

We are writing to introduce ourselves as the Project Managers working on behalf of the owners at the Land Adjacent to 102, Radstock Road.

(Building Contractor – T.B.C) has been appointed as the main contractors for the works. They are proud to be working closely with Reading Borough Council planning officers to ensure that the development can be constructed whilst achieving a balance with the practical and functional demands of the buildings in the local area.

We are also extremely mindful of the proximity to our neighbours. Given this, we will work hard to minimise any inconvenience or disruption to the local community.

We sincerely hope that we can all work together in a way that preserves the integrity of the building and local area.
