INFORMATIVES

1. The applicant's attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.

2. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:

3. The construction (and demolition) of the development will be subject to environmental health law.

4. Work on a loft or roof may affect bats. The applicant will need to consider protected species when planning work of this type. A survey may be needed, and if bats are using the building, a licence may be required. To view specific information regarding bats use the following link: <https://www.gov.uk/wildlife-licences>

5. For the avoidance of doubt, the two rear extensions, shown in Drawing no: 17/011/05 - Proposed floor plans and elevations, received by the Local Planning Authority on 17th May 2017, is not included in this proposal.
