INFORMATIVES

1. Your attention is drawn to the requirement for submission of a Building Regulations application for the proposed development. Please contact Building Control on 0118 937 2449 for advice.
2. During the course of construction, the developer should take care to ensure that no part of this development (foundations, eaves, guttering, etc.) would encroach on, under or across the boundary line with the adjoining property, as the requisite Notice has not been served on the owner of that property. This permission does not confer any right of access onto land that is not under the developer's control. The developer should also be mindful of the obligations and requirements of the Party Wall Act (1996) details of which can be found at:
www.communities.gov.uk/publications/planningandbuilding/partywall
3. Complaints are commonly received about noise and dust caused by construction and demolition works, particularly working outside reasonable hours and smoke from bonfires associated with the burning of waste on site. The developer is reminded that construction and demolition associated with the approved development will be subject to environmental health law.
4. The local planning authority has worked positively and proactively with the applicant to resolve relevant matters to allow permission to be granted within the prescribed target timescale for the decision to be issued.

Notes

1. This certificate is issued solely for the purpose of section 192 of the Town and Country Planning Act 1990 (as amended).
2. It certifies that the matters specified in the First Schedule taking place on the land described in the Second Schedule would have been lawful, on the specified date and, thus, would not have been liable to enforcement action under section 172 of the 1990 Act on that date.

Any use/operations/matter which is/are materially different from that/those described or which relate/s to other land may render the owner or occupier liable to enforcement action.
4. The effect of the certificate is also qualified by the proviso in section 192(4) of the 1990 Act, as amended, which states that the lawfulness of a described use or operation is only conclusively presumed where there has been no material change, before the use is instituted or the operations begun, in any of the matters relevant to determining such lawfulness.
5. If you are aggrieved by the decision of the Council, you may appeal to the Secretary of State under Section 195 of the Town and Country planning Act 1990.
