Planning reference 171096/APPCON
Application to discharge a planning condition
Condition 22 of planning permission 160849
Jackson's Corner, 1-9 Kings Road, Reading

I refer to the above application to discharge a planning condition and respond as follows.

Condition 22 (Report on the stable block roof timbers)

This condition requires that a suitable method statement is produced to allow the existing stable block roof structure to be carefully removed, recorded, stored and if possible/required, their reuse (in the redevelopment).

You have produced the document, 'A scheme for the assessment, dismantle and transfer of the stable block roof timbers by a timber frame specialist' dated 5th. June 2017 by Mc.Curdy & Co. This has been reviewed and approved by the Council's Conservation Consultant.

Accordingly, Condition 22 is hereby discharged, providing that the works are undertaken in accordance with the approved scheme.

Yours sincerely,

Richard Eatough
Principal Planning Officer (North/Central)
