PROPOSED NORTHWEST ELEVATION

1. RSPB Burford bat box

This bat nesting box is made from durable FSC timber which provides great insulation. It has two different-sized chambers, making it suitable for pipistrelles in the smaller chamber and brown long eared bats and noctules in the larger chamber.

2. RSPB Sparrow Terrace Nest Box:

Provides three separate nest boxes in one FSC certified timber terrace, each with its own 32mm entrance hole. These boxes have been made to be warm in winter and cool in the summer and have been designed with correct dimensions and ventilation, without perches for intruders to grip onto and threaten the occupants.
