NOTES APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 - Section 32

(1) Except as provided in subsection (a) below, where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show -

(a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

(2) No requirement concerning means of access to a building or to a neighbouring building shall be made under this section in the case of a building to be erected or extended in pursuance of a planning permission granted upon an application made under the Act of 1990, unless notice of the provisions of this section is endorsed on or accompanies the planning permission.

(3) Section 16(7) and (8) and section 36(2) to (6) of the Building Act 1984 (notice of rejection or passing of plans and enforcement of requirements) shall apply as if this section were a section of the said Act 1984.

(4) Any person aggrieved by the action of the district council in rejecting plans under this section, may appeal to a magistrates' court.

(5) In this section references to the adequacy or inadequacy of means of access for the fire brigade shall be construed as references to a means of access adequate or, as the case may be, inadequate for use for fire-fighting purposes by members of one or more fire brigades and their appliances.

SECTION 76 TOWN AND COUNTRY PLANNING ACT 1990

76-(1) This section applies when planning permission is granted for any development which will result in the provision -

(a) of a building or premises to which section 4 of the Chronically Sick and Disabled Persons Act 1970 applies (buildings or premises to which the public are to be admitted whether on payment or otherwise);

(b) of any of the following (being in each case, premises in which persons are employed to work)-

- (i) office premises, shop premises and railway premises to which the Offices, Shops and Railway Premises Act 1963 applies;
- (ii) premises which are deemed to be such premises for the purposes of that Act; or
- (iii) factories as defined by section 175 of the Factories Act 1961;

(c) of a building intended for the purposes of a university college or college, or of a school or hall of a university;

(d) of a building intended for the purposes of an institution within the PCFC funding sector; or

of a building intended for the purposes of a school or an institution which provides higher education or further education (or both) and is maintained or assisted by a local education authority.

(2) The local planning authority granting the planning permission shall draw the attention of the person to whom the permission is granted -

(a) in the case of such a building or premises as are mentioned in subsection (1)(a)

(i) to sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970; and

(ii) to the Code of Practice for Access of the Disabled to Buildings (British Standards Institution code of practice BS 5810: 1979) or any prescribed document replacing that code;

(b) in the case of such premises as are mentioned in subsection (1)(b), to sections 7 and 8A of that Act and to that code or any such prescribed document replacing it;

(c) in the case of such a building as is mentioned in subsection (1)(c), (d) or (e), to sections 7 and 8 of that Act and to Design Note 18 "Access for Disabled People to Educational Buildings" published in 1984 on behalf of the Secretary of State, or any prescribed document replacing that note.

(3) Expressions used in subsection (1)(d) and (e) and in the Education Act 1944 have the same meanings as in that Act.

HAZARDOUS WASTE AND MATERIALS

Your attention is drawn to the possibility that development of land or redevelopment of properties will give rise to hazardous material probably in the form of contaminated soil or building construction waste (e.g. asbestos lagging around pipework) needing disposal.

Under the requirements of the Control of Pollution Act 1974 and regulations made thereunder it is an offence if such material is not deposited in appropriate sites licensed by the County Council acting in their capacity as Waste Disposal Authorities and additional procedures may have to be followed.

Details of the sites in Berkshire and advice on suitability of wastes involved and procedures necessary can be obtained from:

Waste Management Branch, County Surveyor's Department,
Berkshire County Council, Shire Hall, Shinfield Park, Reading RG2 9XG. Tel: Reading 875444

There may also be occasions when hazardous substances such as gas from former landfill sites could be a problem. The County Surveyor's Waste Management Group have agreed to list and map all such sites and copies will be available from the above address.

BUILDING REGULATIONS

This planning permission does not give approval under the Building Regulations. Before any works are commenced you should check with the Building Control Section of the Planning Department whether any approval is required under the Building Regulations.

Application No: 02/00624/OUT

CONDITIONS & REASONS

1. Application for approval of the reserved matters shall be made to the local planning authority before the expiration of three years from the date of this outline permission.
Reason: to prevent an accumulation of unimplemented planning permissions and in accordance with the provisions of Section 91(2) of the Town & Country Planning Act 1990.
2. The development to which this permission relates must be started either before:-
 - a) the expiration of five years from the date of granting this outline permission; or
 - b) the expiration of two years from the date of approval of the last reserved matter, whichever is the later.The development shall be carried out in accordance with the approved plans. Reason: to prevent an accumulation of unimplemented planning permissions and in accordance with the provisions of Section 91(2) of the Town & Country Planning Act 1990.
3. Before any development commences, plans and particulars of all reserved matters not particularised in this outline application; namely detailed plans and drawing showing the design and external appearance and the landscaping of the site, shall be submitted to and approved in writing by the local planning authority and shall be carried out as approved.
Reason: to ensure a satisfactory form of development and in accordance with the provisions of Article 4 of the Town & Country Planning (General Development Procedure) Order 1995.
4. Pursuant to the above condition requiring the approval of the landscaping for the site as a Reserved Matter, and before the commencement of any development, plans and schedules shall be submitted with details of both hard and soft landscaping. The submitted details shall include any pedestrian and vehicle circulation areas, surfacing, materials, structures and ancillary objects (refuse bins, lighting columns etc). For schemes involving soft landscaping the submitted details should include schedules of plants giving the species, plant sizes, proposed numbers/densities and an implementation and maintenance programme. Other details shall include the provision where appropriate of fencing, walling and other means of enclosure and screening, the formation of banks, terraces or other earthworks. Following approval by the local planning authority the hard and soft landscaping works shall be carried out in accordance with the approved details before any of the development is occupied and all planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting season following the occupation of the buildings or the completion of the development, whichever is the sooner. NOTES

APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 – Section 32

(1) Except as provided in subsection (a) below, where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show –

(a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

(2) No requirement concerning means of access to a building or to a neighbouring building shall be made under this section in the case of a building to be erected or extended in pursuance of a planning permission granted upon an application made under the Act of 1990, unless notice of the provisions of this section is endorsed on or accompanies the planning permission.

(3) Section 16(7) and (8) and section 36(2) to (6) of the Building Act 1984 (notice of rejection or passing of plans and enforcement of requirements) shall apply as if this section were a section of the said Act 1984.

(4) Any person aggrieved by the action of the district council in rejecting plans under this section, may appeal to a magistrates' court.

(5) In this section references to the adequacy or inadequacy of means of access for the fire brigade shall be construed as references to a means of access adequate or, as the case may be, inadequate for use for fire-fighting purposes by members of one or more fire brigades and their appliances.

SECTION 76 TOWN AND COUNTRY PLANNING ACT 1990

76-(1) This section applies when planning permission is granted for any development which will result in the provision –

(a) of a building or premises to which section 4 of the Chronically Sick and Disabled Persons Act 1970 applies (buildings or premises to which the public are to be admitted whether on payment or otherwise);

(b) of any of the following (being in each case, premises in which persons are employed to work)–

(i) office premises, shop premises and railway premises to which the Offices, Shops and Railway Premises Act 1963 applies;

(ii) premises which are deemed to be such premises for the purposes of that Act; or

(iii) factories as defined by section 175 of the Factories Act 1961;

(c) of a building intended for the purposes of a university college or college, or of a school or hall of a university;

(d) of a building intended for the purposes of an institution within the PCFC funding sector; or

of a building intended for the purposes of a school or an institution which provides higher education or further education (or both) and is maintained or assisted by a local education authority.

(2) The local planning authority granting the planning permission shall draw the attention of the person to whom the permission is granted –

(a) in the case of such a building or premises as are mentioned in subsection (1)(a)

(i) to sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970; and

(ii) to the Code of Practice for Access of the Disabled to Buildings (British Standards Institution code of practice BS 5810: 1979) or any prescribed document replacing that code;

(b) in the case of such premises as are mentioned in subsection (1)(b), to sections 7 and 8A of that Act and to that code or any such prescribed document replacing it;

(c) in the case of such a building as is mentioned in subsection (1)(c), (d) or (e), to sections 7 and 8 of that Act and to Design Note 18 "Access for Disabled People to Educational Buildings" published in 1984 on behalf of the Secretary of State, or any prescribed document replacing that note.

(3) Expressions used in subsection (1)(d) and (e) and in the Education Act 1944 have the same meanings as in that Act.

BUILDING REGULATIONS

This planning permission does not give approval under the Building Regulations. Before any works are commenced you should check with the Building Control Section of the Planning Department whether any approval is required under the Building Regulations.

interests of ensuring that the redevelopment of this site enhances the visual local environment.

5. If within a period of three years from the date of the planting of any tree or shrub, or any tree or shrub planted in replacement of it, is removed, uprooted or destroyed or dies or becomes in any other way defective in the opinion of the local planning authority, another tree or shrub of the same species and size of that originally planted shall be planted at the same place, unless the local planning authority gives its written consent to any variation. Reason: to ensure that any trees or shrubs planted as part of the landscaping scheme are replaced in accordance with that scheme.
6. No development shall take place until there has been submitted to and approved in writing by the local planning authority a plan indicating the positions, design, materials and type of boundary treatment to be erected on the site. The boundary treatment shall be completed, in accordance with the approved plan, before the development is occupied or in accordance with a timetable to be agreed in writing with the local planning authority and shall thereafter be maintained as shown on the approved plan. Reason: in order to protect the privacy of adjoining and future occupiers and enhance the appearance of the development.
7. A landscaping management plan, including long term objectives, management responsibilities and maintenance schedules for all landscape areas, other than small, privately owned, domestic gardens, shall be submitted to and approved in writing by the local planning authority prior to the occupation of the development or in accordance with a timetable to be agreed in writing with the local planning authority. Reason: to ensure the long term management and maintenance of communal landscaped areas on the site.
8. The landscaping details submitted in accordance with condition 4 above shall also include details of a scheme for the security and surveillance of the site in general and the car parking area in particular. Following approval by the local planning authority the scheme shall be carried out in accordance with the approved details before any of the development is occupied. Reason: in the interests of the security of the site.
9. The landscaping details submitted in accordance with condition 4 above shall also include details of a scheme for a give way sign at the rear entrance to the adjoining site to the west. Following approval by the local planning authority the scheme shall be carried out in accordance with the approved details before any of the development is occupied. Reason: in the interests of safety of traffic and pedestrians use the application site and the adjoining site to the west.
10. This permission relates only to the application as changed by drawings numbered 10737/P01 which was received by the local planning authority on 10 June 2002 and 10737/P02 RevC which was received on 12 September 2002. Reason: as some plans were changed and to clarify which plans are approved.
11. No development shall take place until samples of the materials to be used in the construction of the external surfaces of this development have been submitted to and

NOTES APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 – Section 32

(1) Except as provided in subsection (a) below, where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show –

(a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

(2) No requirement concerning means of access to a building or to a neighbouring building shall be made under this section in the case of a building to be erected or extended in pursuance of a planning permission granted upon an application made under the Act of 1990, unless notice of the provisions of this section is endorsed on or accompanies the planning permission.

(3) Section 16(7) and (8) and section 36(2) to (6) of the Building Act 1984 (notice of rejection or passing of plans and enforcement of requirements) shall apply as if this section were a section of the said Act 1984.

(4) Any person aggrieved by the action of the district council in rejecting plans under this section, may appeal to a magistrates' court.

(5) In this section references to the adequacy or inadequacy of means of access for the fire brigade shall be construed as references to a means of access adequate or, as the case may be, inadequate for use for fire-fighting purposes by members of one or more fire brigades and their appliances.

SECTION 76 TOWN AND COUNTRY PLANNING ACT 1990

76-(1) This section applies when planning permission is granted for any development which will result in the provision –

(a) of a building or premises to which section 4 of the Chronically Sick and Disabled Persons Act 1970 applies (buildings or premises to which the public are to be admitted whether on payment or otherwise);

(b) of any of the following (being in each case, premises in which persons are employed to work)–

(i) office premises, shop premises and railway premises to which the Offices, Shops and Railway Premises Act 1963 applies;

(ii) premises which are deemed to be such premises for the purposes of that Act; or

(iii) factories as defined by section 175 of the Factories Act 1961;

(c) of a building intended for the purposes of a university college or college, or of a school or hall of a university;

(d) of a building intended for the purposes of an institution within the PCFC funding sector; or

of a building intended for the purposes of a school or an institution which provides higher education or further education (or both) and is maintained or assisted by a local education authority.

(2) The local planning authority granting the planning permission shall draw the attention of the person to whom the permission is granted –

(a) in the case of such a building or premises as are mentioned in subsection (1)(a)

(i) to sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970; and

(ii) to the Code of Practice for Access of the Disabled to Buildings (British Standards Institution code of practice BS 5810: 1979) or any prescribed document replacing that code;

(b) in the case of such premises as are mentioned in subsection (1)(b), to sections 7 and 8A of that Act and to that code or any such prescribed document replacing it;

(c) in the case of such a building as is mentioned in subsection (1)(c), (d) or (e), to sections 7 and 8 of that Act and to Design Note 18 "Access for Disabled People to Educational Buildings" published in 1984 on behalf of the Secretary of State, or any prescribed document replacing that note.

(3) Expressions used in subsection (1)(d) and (e) and in the Education Act 1944 have the same meanings as in that Act.

BUILDING REGULATIONS

This planning permission does not give approval under the Building Regulations. Before any works are commenced you should check with the Building Control Section of the Planning Department whether any approval is required under the Building Regulations.

approved in writing by the local planning authority. The development shall be carried out in accordance with the approved details. Reason: as no details have been submitted and in the interests of the visual appearance of the building and the area.

12. In connection with the implementation of this permission the demolition and construction works shall not take place outside the hours of 8am to 6pm Mondays to Fridays or 8am to 1pm on Saturdays. Works shall not take place at all on Sundays or Bank Holidays without the prior written approval of the local planning authority. Reason: to protect local residents from unreasonable disturbances from works connected with implementing this permission.
13. Plans showing how the existing access shall be permanently closed and the pavement outside the site made good to line, length and height shall be submitted to and approved in writing by the local planning authority. The existing access shall be permanently closed in accordance with the approved plans before the new access, hereby permitted, is brought into use. Reason: in the interests of road safety.
14. No development shall take place until there has been submitted to and approved in writing by the local planning authority a scheme for the parking of personnel vehicles and plant and storage of materials during the construction period; thereafter during that period personnel vehicles, plant and materials shall be parked and stored in the approved facilities. Reason: as the development, without this facility, would be likely to lead to storage of plant and materials on the public highway causing a hazard and inconvenience to other road/pavement users.
15. Throughout the course of construction the pavement next to the site shall be kept free from any obstruction by vehicles, materials or construction refuse. Upon completion of the development the pavement shall be reinstated to its former condition in accordance with a scheme of works to be submitted to and approved in writing by the local planning authority before the development is occupied or used. Reason: to protect local residents, pedestrians and road users from inconvenience or nuisance arising from the implementation of development and to ensure that the site frontage is properly restored once the development is completed.
16. The areas shown on the submitted drawings reserved for the parking, turning, loading/unloading and circulation of vehicles shall be constructed and marked out and kept available or used for such purposes at all times. No development, whether or not permitted by the Town & Country Planning (General Permitted Development) Order 1995 (or any order revoking or re-enacting that Order with or without modification) shall be carried out on such areas or in such a position as to restrict access to such facilities. Reason: as the development, without the provision of adequate parking, turning, loading/unloading and circulation facilities, would be likely to lead to parking and manoeuvring on the public highway to the detriment of road safety.
17. The visibility splay, shown on the approved drawings, shall be maintained free of all obstruction to visibility above a height of 0.6 metres, before any other development is commenced. Reason: in the interests of road safety.

NOTES APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 – Section 32

(1) Except as provided in subsection (a) below, where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show –

(a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

(2) No requirement concerning means of access to a building or to a neighbouring building shall be made under this section in the case of a building to be erected or extended in pursuance of a planning permission granted upon an application made under the Act of 1990, unless notice of the provisions of this section is endorsed on or accompanies the planning permission.

(3) Section 16(7) and (8) and section 36(2) to (6) of the Building Act 1984 (notice of rejection or passing of plans and enforcement of requirements) shall apply as if this section were a section of the said Act 1984.

(4) Any person aggrieved by the action of the district council in rejecting plans under this section, may appeal to a magistrates' court.

(5) In this section references to the adequacy or inadequacy of means of access for the fire brigade shall be construed as references to a means of access adequate or, as the case may be, inadequate for use for fire-fighting purposes by members of one or more fire brigades and their appliances.

SECTION 76 TOWN AND COUNTRY PLANNING ACT 1990

76-(1) This section applies when planning permission is granted for any development which will result in the provision –

(a) of a building or premises to which section 4 of the Chronically Sick and Disabled Persons Act 1970 applies (buildings or premises to which the public are to be admitted whether on payment or otherwise);

(b) of any of the following (being in each case, premises in which persons are employed to work)–

- (i) office premises, shop premises and railway premises to which the Offices, Shops and Railway Premises Act 1963 applies;
- (ii) premises which are deemed to be such premises for the purposes of that Act; or
- (iii) factories as defined by section 175 of the Factories Act 1961;

(c) of a building intended for the purposes of a university college or college, or of a school or hall of a university;

(d) of a building intended for the purposes of an institution within the PCFC funding sector; or

of a building intended for the purposes of a school or an institution which provides higher education or further education (or both) and is maintained or assisted by a local education authority.

(2) The local planning authority granting the planning permission shall draw the attention of the person to whom the permission is granted –

(a) in the case of such a building or premises as are mentioned in subsection (1)(a)

(i) to sections 4 and 7 of the Chronically Sick and Disabled Persons Act 1970; and

(ii) to the Code of Practice for Access of the Disabled to Buildings (British Standards Institution code of practice BS 5810: 1979) or any prescribed document replacing that code;

(b) in the case of such premises as are mentioned in subsection (1)(b), to sections 7 and 8A of that Act and to that code or any such prescribed document replacing it;

(c) in the case of such a building as is mentioned in subsection (1)(c), (d) or (e), to sections 7 and 8 of that Act and to Design Note 18 "Access for Disabled People to Educational Buildings" published in 1984 on behalf of the Secretary of State, or any prescribed document replacing that note.

(3) Expressions used in subsection (1)(d) and (e) and in the Education Act 1944 have the same meanings as in that Act.

HAZARDOUS WASTE AND MATERIALS

Your attention is drawn to the possibility that development of land or redevelopment of properties will give rise to hazardous material probably in the form of contaminated soil or building construction waste (e.g. asbestos lagging around pipework) needing disposal.

Under the requirements of the Control of Pollution Act 1974 and regulations made thereunder it is an offence if such material is not deposited in appropriate sites licensed by the County Council acting in their capacity as Waste Disposal Authorities and additional procedures may have to be followed.

Details of the sites in Berkshire and advice on suitability of wastes involved and procedures necessary can be obtained from:

Waste Management Branch, County Surveyor's Department,
Berkshire County Council, Shire Hall, Shinfield Park, Reading RG2 9XG. Tel: Reading 875444

There may also be occasions when hazardous substances such as gas from former landfill sites could be a problem. The County Surveyor's Waste Management Group have agreed to list and map all such sites and copies will be available from the above address.

BUILDING REGULATIONS

This planning permission does not give approval under the Building Regulations. Before any works are commenced you should check with the Building Control Section of the Planning Department whether any approval is required under the Building Regulations.

18. The building height on the site shall not exceed four floors in height (including a floor in the roof). Reason: in the interests of the amenities of the site and the street scene generally.
19. The details submitted in accordance with condition 3 above shall include provision for full mobility/wheelchair housing in accordance with the requirements of policy HSG10 of the Reading Borough Local Plan and as agreed in paragraph 5.8 of the Planning Statement accompanying the application. Following approval by the local planning authority such provision shall be carried out in accordance with the approved details before any of the development is occupied. Reason: to cater for alternative housing needs with Reading

INFORMATIVES

- 0 INFORMATIVE - S106 AGREEMENT A section 106 Agreement (number 852) relates to this site, the main terms of which relate to: securing 8 affordable housing units on site; and financial contributions of £132,000 towards the provision of affordable housing units off site; £49,745 towards local education infrastructure improvements; £10,080 towards environmental improvements along Oxford Road; and £32,000 towards the Reading Urban Area Package; such contributions to be payable on implementation of the proposals.
- 0 All works affecting the public highway will require a licence from Reading Borough Council's Head of Technical Services.
- 0 A scheme for noise attenuation will be required to protect future occupants from unreasonable noise disturbance.

NOTES APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 - Section 32

(1) Except as provided in subsection (a) below, where plans for the erection or extension of a building are deposited with a district council in accordance with building regulations, the district council shall reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show -

(a) that there will be adequate means of access for the fire brigade to the building or, as the case may be, to the building as extended; and

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

(2) No requirement concerning means of access to a building or to a neighbouring building shall be made under this section in the case of a building to be erected or extended in pursuance of a planning permission granted upon an application made under the Act of 1990, unless notice of the provisions of this section is endorsed on or accompanies the planning permission.

(3) Section 16(7) and (8) and section 36(2) to (6) of the Building Act 1984 (notice of rejection or passing of plans and enforcement of requirements) shall apply as if this section were a section of the said Act 1984.

(4) Any person aggrieved by the action of the district council in rejecting plans under this section, may appeal to a magistrates' court.

(5) In this section references to the adequacy or inadequacy of means of access for the fire brigade shall be construed as references to a means of access adequate or, as the case may be, inadequate for use for fire-fighting purposes by members of one or more fire brigades and their appliances.

SECTION 76 TOWN AND COUNTRY PLANNING ACT 1990

76-(1) This section applies when planning permission is granted for any development which will result in the provision -
