Dear Jonathan,

TOWN AND COUNTRY PLANNING ACT 1990

Application Reference: 171064

Application type: Approval of Conditions

Address: Land west of Longwater Avenue Reading RG2 6GP

Proposal: Part discharge of conditions 35 and 36 of planning permission 141944.

I refer to your application as described above. Thank you for your application for discharge of conditions.

The following documents are approved as received 30th June 2017:

Conditions 35 - Archaeology - WSI & 36- Archaeology - Fencing

- Reading Green Park Village Green Park Station and Bus Interchange Written Scheme of Investigation for Archaeological Watching Brief, prepared by Peter Brett Associates LLP, dated June 2017
- Site Boundary - Drawing no: 36382/2002/SK020

This is a partial discharge of these conditions as the site boundary plan submitted is for part of the overall site area as approved by permission 141944. Further discharge of condition applications will therefore need to be submitted for the remaining areas.

In order to discharge the conditions, the development must be carried out in accordance with the approved details. Please note that it is the responsibility of the developer to ensure that all relevant conditions are complied with during the construction and/or subsequent use of the development.

Yours sincerely

A. Amoah
