# DOMESTIC ELECTRICAL INSTALLATION CONDITION REPORT

(FOR A SINGLE DWELLING)

Issued in accordance with British Standard 7671 - Requirements for Electrical Installations by an Approved Contractor or Confirming Body enrolled with NICEIC, Warwick House, Houghton Hall Park, Houghton Regis, Dunstable LU5 5ZX.

## A. DETAILS OF THE CLIENT

Client: **PAUL ALLEN RESIDENTIAL**

Address: **31 ERMINGHAM ROAD READING**

Postcode: **RG1 5NB**

## B. PURPOSE OF THE REPORT

Purpose for which this report is required: **TENANCY**

Date(s) on which inspection and testing were carried out: **20 - 3 - 2013**

## C. DETAILS OF THE INSTALLATION

Occupier: **FLAT 2**  
Address: **41 ERMINGHAM ROAD, READING**  
Estimated age of the electrical installation: **20** years  
Evidence of alterations or additions: **YES** If yes, estimated age: **1** years  
Date of previous inspection: **NOT KNOWN** Electrical Installation Certificate No or previous Periodic Inspection or Condition Report No: **—**  
Records of installation available: **—** Records held by: **—**

## D. EXTENT OF THE INSTALLATION AND LIMITATIONS ON THE INSPECTION AND TESTING

Extent of the electrical installation covered by this report:

**ALL FIRED WIRING FOR POWER AND LIGHTING**

Agreed limitations including the reasons, if any, on the inspection and testing:

**100% INSPECTION & TEST OF ACCESSORIES  
100% INSPECTION & TEST OF SUBSTANCES**

Agreed with: **CLIENT**

Operational limitations including the reasons (see page No. **1**):

**CABLES CONCEALED IN WALLS / FLOORS NOT INSPECTED**

The inspection and testing have been carried out in accordance with BS 7671, as amended. Cables concealed within trunking and conduits, or cables and conduits concealed under floors, in inaccessible roof spaces and generally within the fabric of the building or underground, have not been visually inspected.

## E. SUMMARY OF THE CONDITION OF THE INSTALLATION

General condition of the installation (in terms of electrical safety):

**THE INSTALLATION GENERALLY IS IN GOOD CONDITION**

Summary of the condition of the installation continued on additional pages? No Yes Specify page No(s):

Overall assessment: **SATISFACTORY / UNSATISFACTORY** (Delete as appropriate)

An Unsatisfactory assessment indicates that dangerous and/or potentially dangerous conditions have been identified

### G. DECLARATION

I/We, being the person(s) responsible for the inspection and testing of the electrical installation (as indicated by my/our signatures below), particulars of which are described on page 1 (see C), having exercised reasonable skill and care when carrying out the inspection and testing, hereby declare that the information in this report, including the observations (see F) and the attached schedules (see H), provides an accurate assessment of the condition of the electrical installation taking into account the stated extent of the inspection and the limitations on the inspection and testing (see D).

I/We further declare that in my/our judgement, the said installation was overall in

**SATISFACTORY**

condition (see F) at the time the inspection was carried out, and that it should be further inspected as recommended (see I).

### H. SCHEDULES AND ADDITIONAL PAGES

Schedule of Inspections: Page(s) No 4, 5, 6

Additional pages, including data sheets for additional source(s): Page No(s)

Schedule of Circuit Details for the Installation: Page No(s) 7

Schedule of Test Results for the Installation: Page No(s) 7

The pages identified are an essential part of this report. The report is valid only if accompanied by all the schedules and additional pages identified above.

Additional pages? No ☒ Yes Specify page No(s):

† One of the following codes, as appropriate, has been allocated to each of the observations made above to indicate to the person(s) responsible for the installation the degree of urgency for remedial action:

Code C1 'Danger present'. Risk of injury. Immediate remedial action required.

Code C2 'Potentially dangerous'. Urgent remedial action required.

Code C3 'Improvement recommended'.

Please see the reverse of this page for guidance regarding the Classification codes.

Immediate remedial action required for items:

Urgent remedial action required for items:

Further investigation required for items:

Improvement recommended for items:

## SCHEDULE OF INSPECTIONS

This report is not valid  
if the serial number has  
been defaced or altered

DPN5/ 0505922

Item Description Outcome\* Location reference

Item Description Outcome\* Location reference

1.0 Condition/adequacy of distributor/supply intake equipment

4.0 Consumer unit(s)

1.1 Service cable

4.1 Adequacy of working space  
or access to consumer unit

1.2 Service cut-out/fuse(s)

4.2 Security of fixing

1.3 Meter tails - distributor

4.3 Condition of enclosure(s) in terms of  
IP rating

1.4 Meter tails - consumer

1.5 Metering equipment

4.4 Condition of enclosure(s) in terms of  
fire rating

4.5 Enclosure not damaged/deteriorated so  
as to impair safety

2.0 Presence of adequate arrangements  
for other sources  
(microgenerators etc)

4.6 Presence of linked main switch

4.7 Operation of main switch  
(functional check)

4.8 Manual operation of circuit-breakers  
and RCDs to prove disconnection

4.9 Correct identification of circuits  
and protective devices

4.10 Presence of RCD test notice at  
or near consumer unit

4.11 Presence of non-standard (mixed)  
cable colour warning notice at or near  
consumer unit

4.12 Presence of alternative supply warning  
notice at or near consumer unit

4.13 Presence of replacement next inspection  
recommendation label

4.14 Presence of other required labelling  
(please specify)

4.15 Examination of protective device(s) and  
base(s), correct type and rating  
(no signs of unacceptable thermal  
damage, arcing or overheating)

4.16 Single-pole protective devices in the  
line conductor only

\* All boxes must be completed.

Further investigation required state F/I

Outcome

✓ indicates Acceptable condition

U/A indicates Unacceptable condition state C1 or C2

(to determine whether danger or  
potential danger exists)

Provide additional comment where appropriate on attached numbered sheets  
C1, C2 and C3 coded items to be recorded in section F of the report.

This report is based on the model forms shown in Appendix 6 of BS 7671. Published by NICEIC, a part of the Ascot Group © Copyright The Electrical Safety Council (July 2011)

\* All boxes must be completed.

✓ indicates Acceptable condition

NA indicates a Limitation

This report is based on the model forms shown in Appendix 6 of BS 7571

NA indicates Not applicable

Unacceptable condition state C1 or C2

Improvement recommended state C3

Further investigation required state F1

(to determine whether danger or potential danger exists)

Outcome

Provide additional comment where appropriate on attached numbered sheets. C1, C2 and C3 coded items to be recorded in section F of the report.

\* All boxes must be completed.

✓ indicates Acceptable condition

NA indicates a Limitation

This report is based on the model forms shown in Appendix B of BS 7671

NA indicates Not applicable

Unacceptable condition state C1 or C2

Improvement recommended state C3

Published by NICEIC a part of the Association Group © Copyright The Electrical Safety Council (July 2011)

Further investigation required state F1

(to determine whether danger or potential danger exists)

Outcome

Provide additional comment where appropriate on attached numbered sheets C1, C2 and C3 coded items to be recorded in section F of the report.

This report is not valid  
if the serial number has  
been defaced or altered

Location of consumer unit

1st floor

Designation of consumer unit

1

Prospective fault current at consumer unit

1.92 kA

## TEST INSTRUMENTS

Test instruments (serial numbers) used

Multi-function 3331292

Insulation resistance

Continuity

Earth electrode resistance

Earth fault loop impedance

RCD

## CODES FOR TYPE OF WIRING

| A                                                 | B                                        | C                                            | D                                         | E                                             | F                        | G                        | H                        | O (Other - please state) |
