

East Reading Mass Rapid Transit Route

The Preferred Route

The preferred route runs adjacent to the existing railway line, to the south of the River Thames. The preferred option includes:

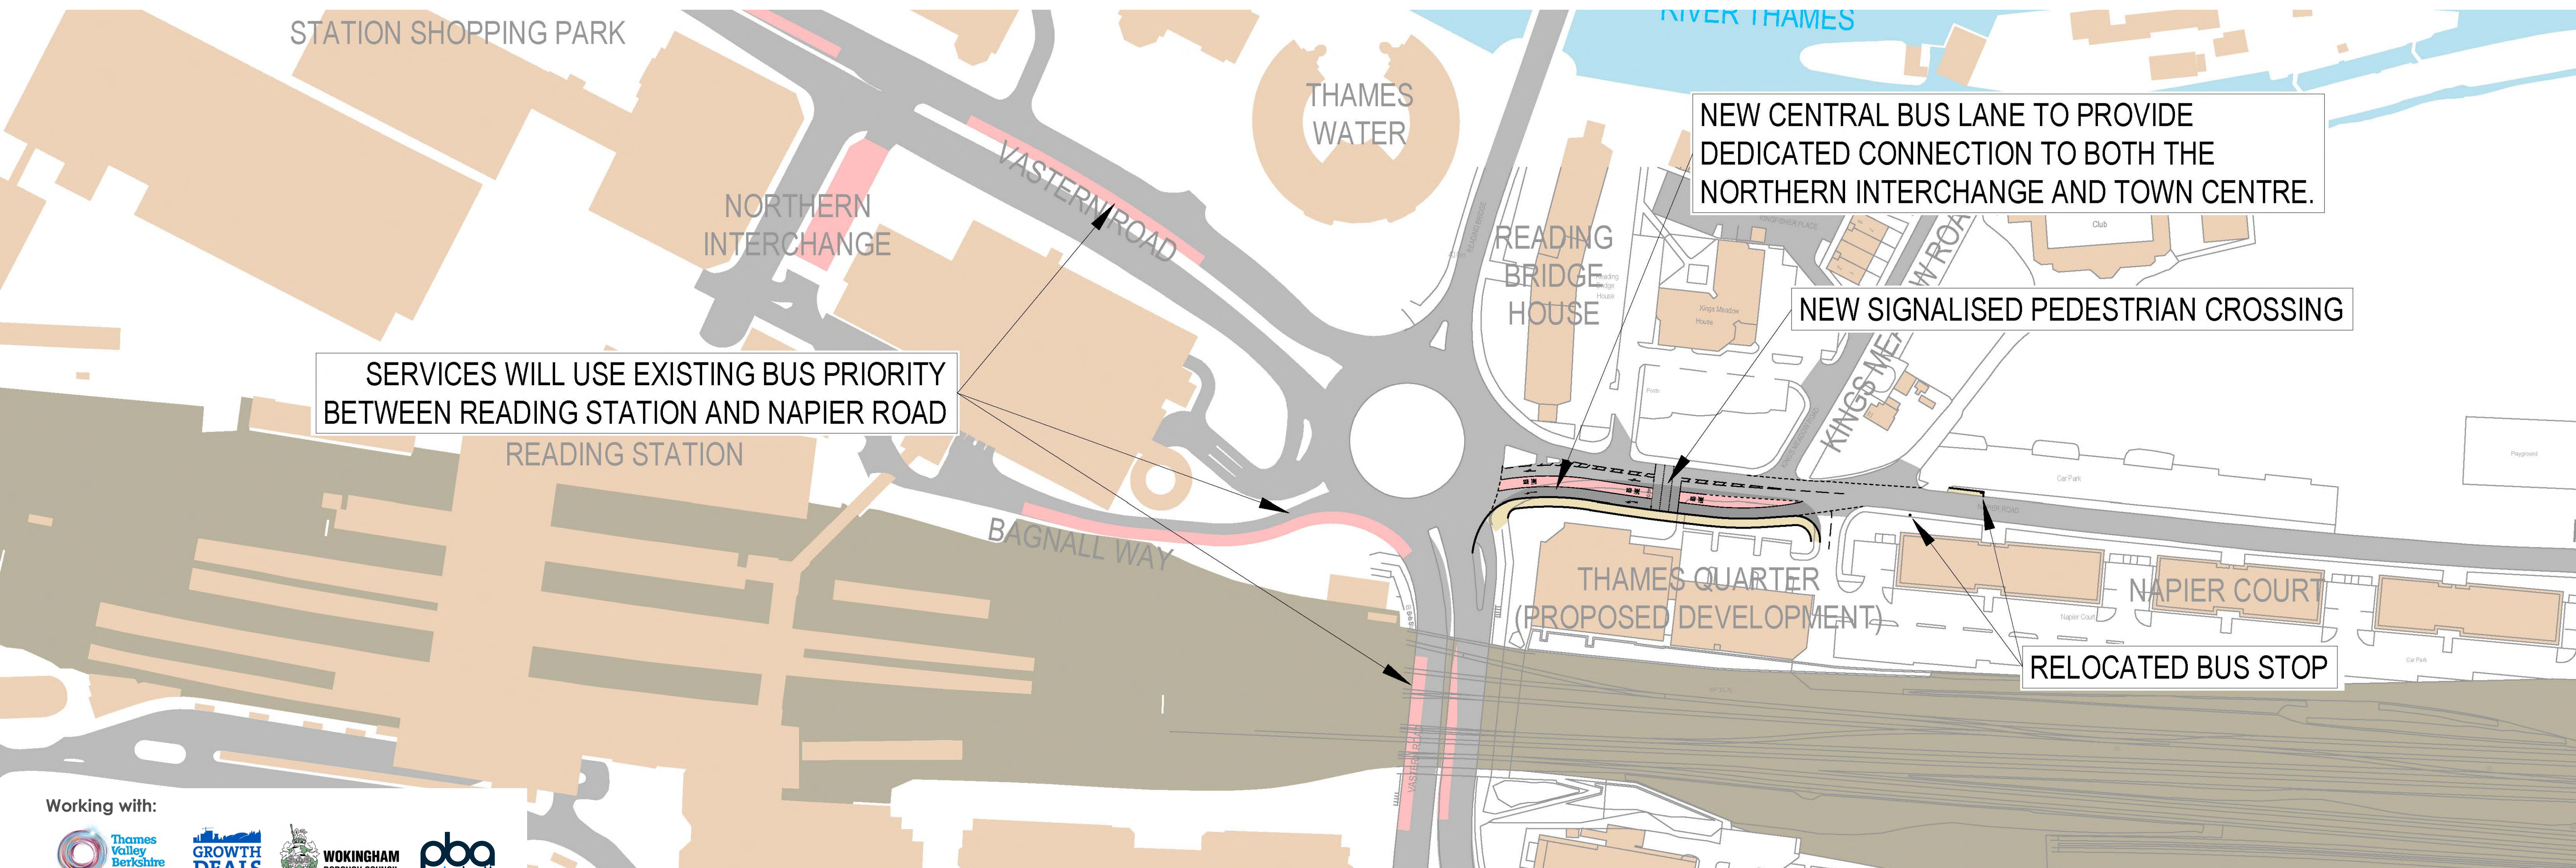

- a new route for public transport only, including cycle path and footway between Napier Road and the proposed Park & Ride at Thames Valley Park;
- the erection of a new bridge over the River Kennet and route avoiding the flood plain, with associated improvement works to the towpath;
- creation of a recreational route with public open space and ecological habitats;
- formation of a new T-junction with Napier Road; and
- formation of a new three-arm roundabout junction between Thames Valley Park Drive and A3290 (as part of the Park & Ride facility).

Congestion heading into Reading along the A4

Location of route, on a disused upkept area, alongside the railway
