

Design & Access Statement for Notemachine Ltd.

M&S Reading 12 Broad Street Reading RG1 2BH

Introduction

This design and access statement has been produced in support for Planning Consent for NoteMachine Ltd ATM applications.

The purpose of the installation; is to provide an advert surround to the existing ATM

Design Principles and Concepts

Scale

The dimensions of the proposal are:-

A.T.M external dimensions 1338mm x 870mm set at a height of 900mm from the pavement level.

The display screen is carefully shielded from ambient lighting to prevent glare and reflection, ensuring a clear and sharp image is visual by both standing and seated users.

Landscaping

Due to the nature of the proposed installation, we feel the application will not benefit from any future landscaping.

Appearance

The A.T.M is a modern design with a back spray black surround and illuminated Free Cash withdrawals signage. White internally illuminated lettering out of the black background. ATM surround with white LED halo illumination.
